GRADE 9: 907: SOCIAL-STUDIES

TIME: 1 hour 40 minutes

INSTRUCTIONS TO CANDIDATES

1. Write your name and class in the spaces provided above.
2. This paper consists of two sections: A and B.
3. Answer ALL questions in Section A.
4. Answer ALL questions in Section B.
5. All answers must be written in the spaces provided.
6. Marks for each question are indicated in brackets.

For official use only

SECTION A: MULTIPLE CHOICE QUESTIONS (20 Marks)

Question No.	1	2	3	4	5	6	7	8	9	10
Max Score	1	1	1	1	1	1	1	1	1	1
Candidate's Score										

Question No.	11	12	13	14	15	16	17	18	19	20	TOTAL
Max Score	1	1	1	1	1	1	1	1	1	1	20
Candidate's Score											

SECTION B: STRUCTURED QUESTIONS. (60 Marks)

Task	Qn Nos.	Max Marks	Candidate's Score
TASK 1: MAPWORK	Q1 a–c	5	
TASK 2: CITIZENSHIP	Q1 a–c	5	
TASK 3: HISTORY	Q1–12	30	
TASK 4: GEOGRAPHY	Q1–8	30	
TASK 5: LIFE SKILLS	Q1–3	10	
TOTAL SCORE (Standardized to 60 Marks)	—	**60**	

This paper consists of 11 printed pages. Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.

© 2025 The Kenya Junior School Examination and Assessment Series. ***Turn over***

SECTION A (20 Marks)

Answer ALL the questions in this section.

1. During a class debate on "Good Citizenship," John argues that a citizen's most important role is to vote in every election. Peter disagrees, stating that paying taxes diligently is more crucial. *Which aspect of citizenship are John and Peter discussing?*
A. Rights
B. Responsibilities
C. Privileges
D. Freedoms

2. A group of students is watching a documentary about early human life.

The documentary shows individuals using sharpened stones to cut meat and scrape animal hides. *Which period of the Stone Age are these activities characteristic of?* A. Neolithic Age
B. Mesolithic Age
C. Middle Stone Age
D. Iron Age

3. Mwajuma, a fishmonger in Mombasa, finds it difficult to trade her fish for grains directly with farmers from upcountry due to logistical challenges and finding someone who wants fish and has grains to offer simultaneously. *Which fundamental problem of the barter system is Mwajuma experiencing?*
A. Difficulty in storing goods
B. Lack of a common measure of value
C. Lack of a double coincidence of wants
D. Perishability of goods

4. A newly formed youth group in Transmara aims to promote peace in their village. They decide to organize a football tournament involving rival youth gangs and host a joint dialogue session afterwards. *Which non-violent method of conflict resolution are they primarily employing?*
A. Arbitration
B. Mediation
C. Negotiation
D. Coercion

5. During a Social Studies field trip, learners are given a topographical map and asked to identify areas prone to flooding. They observe that areas along the river valleys represented by closely spaced contour lines are often affected. *Which aspect of topographical maps are they using to make this determination?*
A. Vegetation distribution
B. Relief features
C. Settlement patterns
D. Drainage features

6. A group of international tourists visits Fort Jesus in Mombasa. They are impressed by its historical significance and the stories it tells about the East African Coast. *Which category of historical sites and monuments does Fort Jesus fall under?*
A. Industrial sites B. Military forts
C. Ancient settlements D. Burial grounds

7. The Kenyan government is debating a new bill in Parliament. Citizens are encouraged to submit their views and opinions through online portals and public forums. *Which constitutional process is the government facilitating?*
A. Judicial review
B. Public participation in legislation
C. Executive order
D. Electoral campaigning

8. A human rights activist is advocating for improved access to education for children with disabilities, arguing that their fundamental right to education should be upheld equally. *Which specific human right is the activist primarily focusing on protecting?*
A. Right to property
B. Right to work
C. Right to education
D. Right to vote

9. A young boy in a rural community in Kenya is often excluded from games by his peers and called names because he is from a different ethnic group. *Which violation of a child's right is most evident in this scenario?*
A. Right to parental care
B. Right to identity and non-discrimination
C. Right to health
D. Right to clean environment

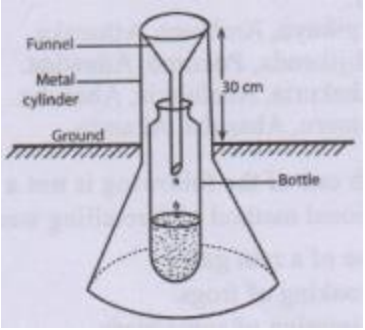

10. A Grade 9 learner is struggling with low self-esteem and constantly compares herself negatively to her classmates. Her teacher advises her to list her achievements and unique talents. *Which strategy for building healthy self-esteem is the teacher recommending?*

A. Seeking external validation
B. Focusing on personal strengths and accomplishments
C. Ignoring negative feelings
D. Isolating herself from peers

11. A village elder recounts stories of his ancestors' migrations and how they settled in the current location. He emphasizes the importance of these stories in teaching the younger generation about their heritage. *Which method of collecting historical information is being described?*

A. Written sources
B. Oral traditions
C. Archaeological excavation
D. Visual records

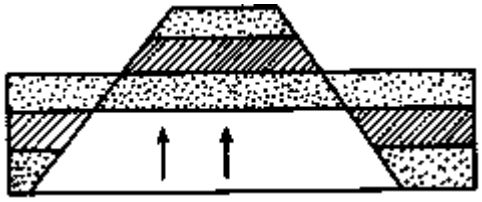

12. The diagram below shows a weather measuring instrument.

The instrument is used to measure the amount of water

A. in the atmosphere
B. on the ground
C. from the rains
D. from the plants.

13. The diagram below shows the process of formation of a mountain.

The process is known as

A. Volcanicity
B. Faulting
C. Deposition
D. Folding.

14. Below are some of the leaders in Kenya.

v. Masinde Muliro
vi. Daniel arap Moi
vii. Oginga Odinga
viii. Mwai Kibaki
ix. Tom Mboya

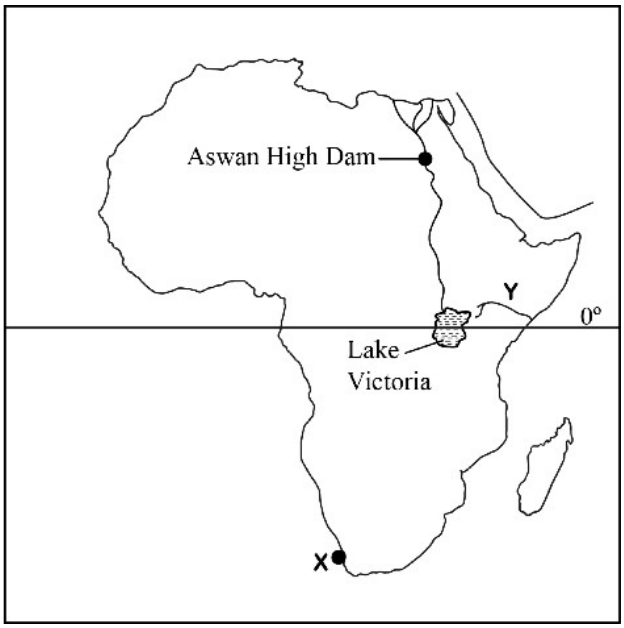

Who among the groups of leaders fought for the re-introduction of multi-party democracy in 1991?

A. (iii) (v) (ii).
B. (iii), (ii), (i)
C. (iii), (ii), (iv)
D. (i), (iii), (iv)

15. Forty youth from a rural home in Makueni County were employed in the Magadi Soda factory in Kajiado County where they are living. This type of migration is called

A. Rural to rural
B. Urban to urban
C. Rural to urban
D. Urban to rural.

16. A Grade 9 teacher used a map shown to facilitate learning on a multipurpose river project in Africa. Use it to answer questions 18

What is the name the multipurpose river project formed along the river marked Y

A. Aswan High Dam
B. Kariba Dam
C. Seven Forks Project
D. Akosombo Dam

17. A geographer is analyzing a map that uses different shades of green to represent varying densities of forest cover across a country. *Which type of map is this geographer most likely using?*
A. Political map
B. Thematic map
C. Road map
D. Topographical map

18. A group of young entrepreneurs in a Kenyan town wants to start a business using local resources. They identify opportunities in crafting traditional Kiondos and selling them to tourists. *Which aspect of their local culture are they leveraging for entrepreneurial opportunity?*
A. Political structures
B. Indigenous technology and art
C. Religious beliefs
D. Language diversity

19. The statements below describe the migration of a community into Kenya during the pre-colonial period.

i. They migrated from South-West Ethiopia.
ii. They settled near Mount Moroto.
iii. They settled on the floor of the Rift Valley.
iv. They spread around the floor of the Rift Valley in search of pasture.

The community described above is the

A. Sabaot
B. Acholi
C. Turkana
D. Pokot.

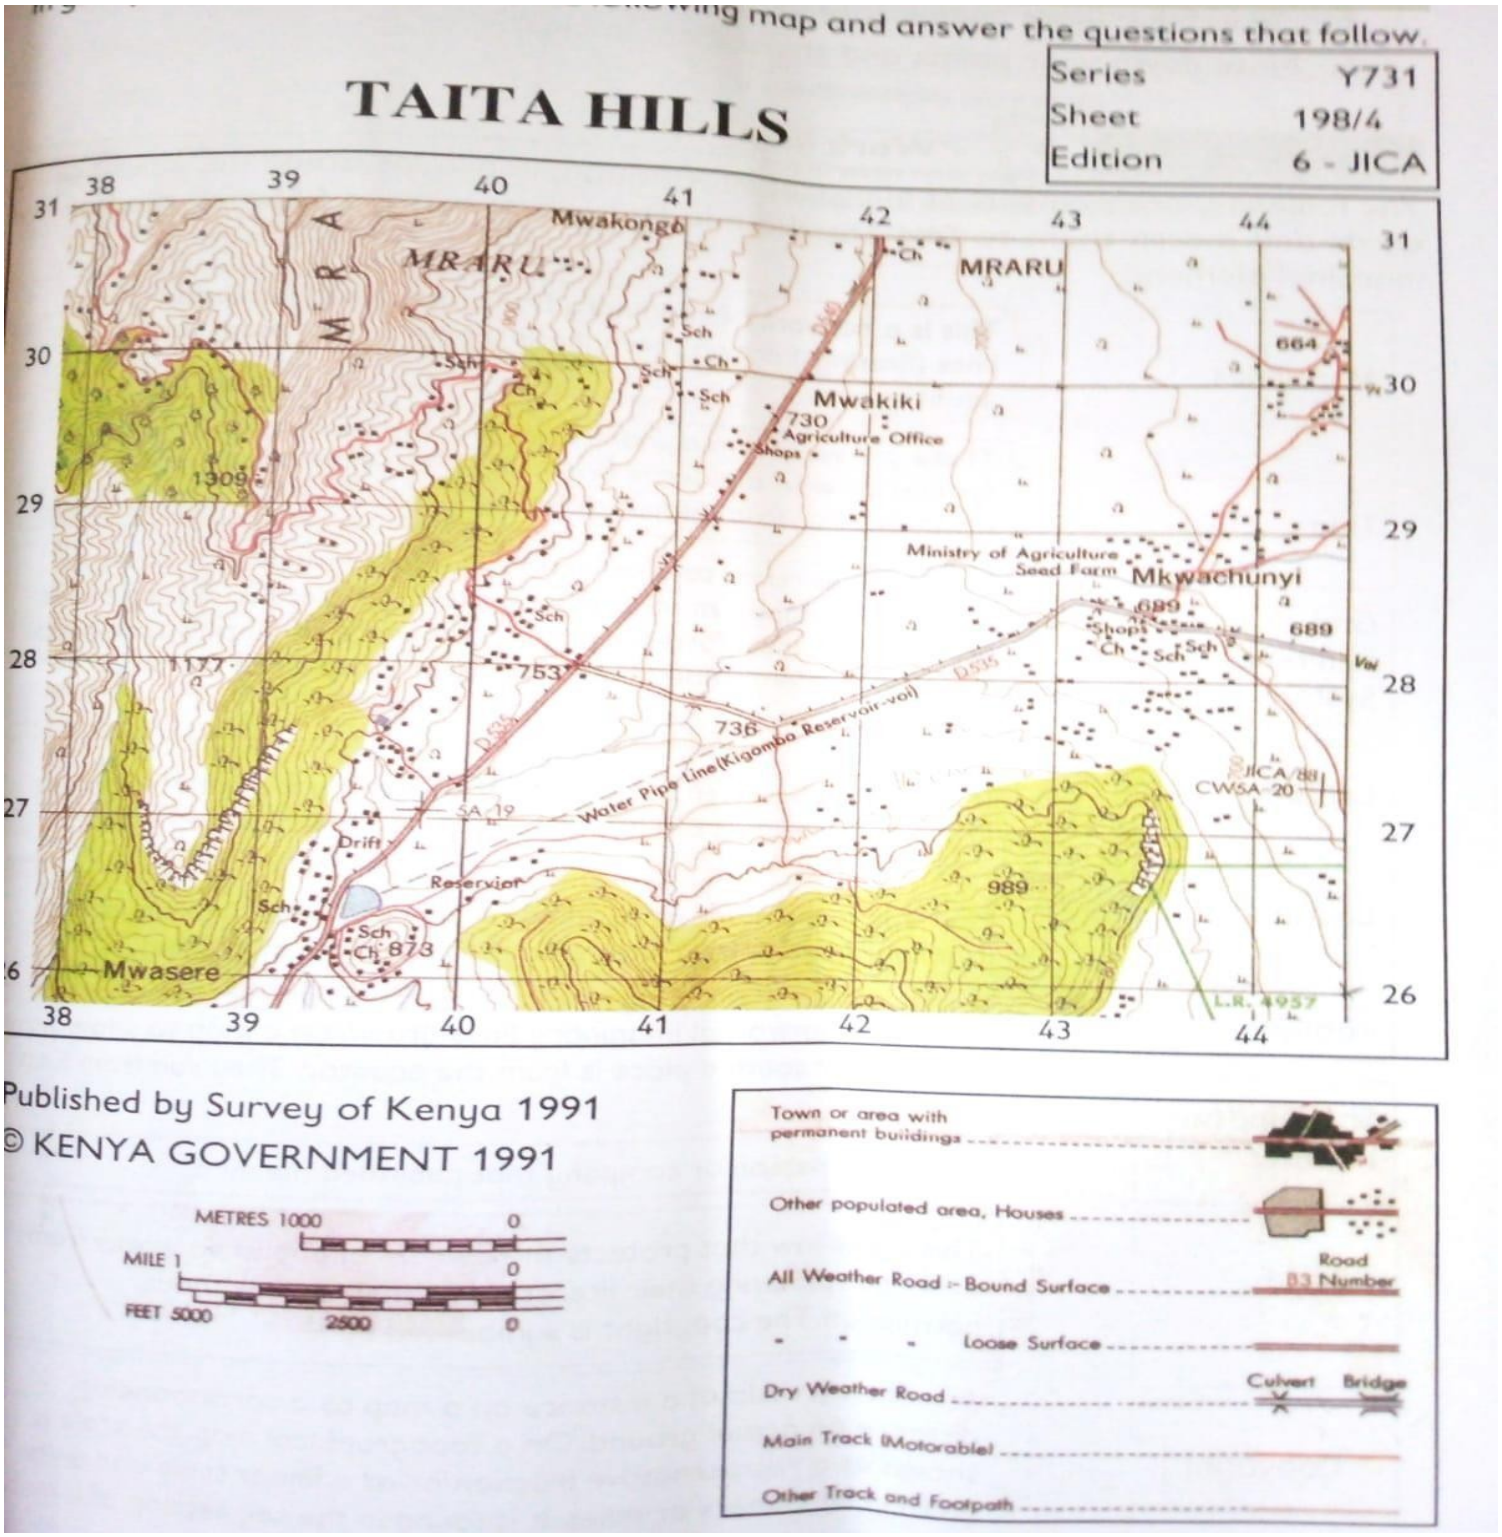

20. A student is researching the Asante Kingdom. She finds that the kingdom gained significant power and wealth by trading kola nuts, gold, and slaves. *Which economic activity contributed most to the Asante's prominence in the Trans-Saharan trade network?*
A. Agriculture
B. Manufacturing
C. Trade
D. Fishing

SECTION B (80 Marks)

Answer ALL questions in this section in the spaces provided.

TASK 1: Mapwork (5 Marks)

21. Study the map of Taita Hills below and answer the questions that follow.

a) Identify two different methods used to represent relief on this map. (2mks)

i. _____

ii. _____

b) Using the provided scale, convert the Representative Fraction (R.F.) scale of 1:50,000 into a statement scale in kilometres. (2mks)

_____

_____

c) What type of settlement pattern is described in Taita Hills Area? (1mk)

_____

TASK 2: Citizenship (5 Marks)

22. Amina, a Grade 9 learner, observed an elderly person struggling to cross a busy street. She immediately went to assist the person safely to the other side. Later, she heard news that refugees in a nearby camp lacked basic necessities. She felt a strong urge to help.

a) Which guiding principle of leadership and integrity did Amina demonstrate by helping the elderly person? (1mk)

_____

b) Based on the scenario, identify two human rights that refugees are entitled to, which Amina might be concerned about. (2mks)

iii. _____

iv. _____

c) Suggest two ways in which Amina and her classmates could effectively communicate to raise awareness about the refugees' situation and mobilize support from their school community. (2mks)

i. _____

ii. _____

TASK 3: History (30 Marks)

23. John, a history enthusiast, is studying the evolution of human societies in Africa.

a) John learns that early humans in the Middle Stone Age used tools like flakes and points. Describe two characteristics of these tools and explain how they signify an advancement over earlier tools. (4mks)

i. _____

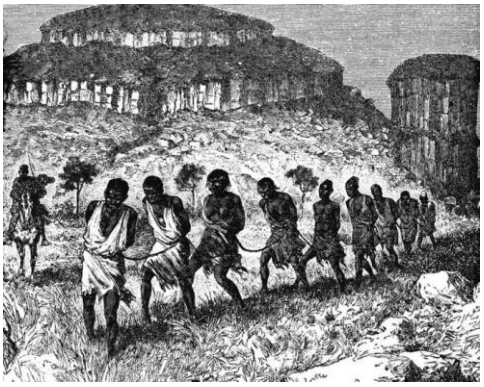

ii. _____

b) John then shifts his focus to early African civilizations. He learns about the Swahili civilization along the East African Coast and the ancient kingdom of Meroe. Highlight two best practices from the Swahili civilization that have contributed to the growth of the modern world. (2mks)

i. _____

ii. _____

c) John is particularly interested in the Trans-Saharan Slave Trade.

Outline two factors that led to the development of this trade in Africa. (2mks)

i. _____

ii. _____

d) Describe one major route used during the Trans-Saharan Slave Trade. (2mks)

i. _____

e) Explain two effects of the Trans-Saharan Slave Trade on African societies. (4mks)

i. _____

ii. _____

f) John's next research topic is the political, social, and economic development of pre-colonial African communities. He decides to compare the Zulu and Ogiek communities. *Provide one social characteristic for each of these communities. (2mks)*

i. **Zulu:**

_____

ii. **Ogiek:**

_____

g) Explain three reasons why African countries faced challenges in achieving rapid economic development immediately after independence. (6mks)

i. _____

ii. _____

iii. _____

h) Briefly describe two contributions of African diaspora to the development of Africa. (4mks)

i. _____

ii. _____

i) Mention two ways in which the historical development of agriculture led to significant changes in human societies. (4mks)

i. _____

ii. _____

TASK 4: Geography (30 Marks)

24. Sarah is studying population dynamics and environmental issues in Africa.

a) Sarah learns that Kenya experiences rapid population growth. State two causes of this high population growth in Kenya. (2mks)

i. _____

ii. _____

b) Explain two impacts of rapid population growth on the environment in Kenya. (4mks)

i. _____

ii. _____

iii. _____

iv. _____

c) Sarah then compares the population structure of Kenya and Germany using population pyramids.

State one difference between population structures in Kenya and Germany. *(1mk)*

_____

d) Identify two types of migration common in Africa, apart from rural-urban migration. (2mks)

i. _____

ii. _____

e) A local community near Mount Kenya is experiencing heavy rainfall and lush vegetation throughout the year. They often experience cool temperatures at night. Describe two characteristics of the mountain climate. (4mks)

i. _____

ii. _____

f) The local government of a Kenyan county is planning to establish a multi-purpose river project along the Tana River. Explain three reasons why this project is important for the region's development. (6mks)

i. _____

ii. _____

iii. _____

g) Give two examples of World Heritage Sites in Africa and state one importance of protecting such sites. (3mks)

i. Example 1: _____

ii. Example 2: _____

Importance:

_____

_____

h) Differentiate between "weather" and "climate." (2mks)

_____

_____

_____

i) Identify two major challenges faced in environmental conservation in Africa. (2mks)

i. _____

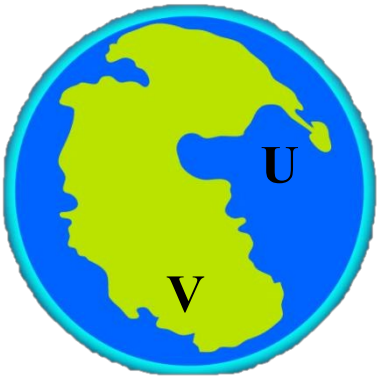

ii. _____

j) Name two non-renewable natural resources. (2mks)

i. _____

ii. _____

k) Study the illustration bellow on the formation of continents according to the continental drift theory. (2mks)

Identify the super ocean marked U and the super continent marked V

U: _____.

V: _____.

TASK 5: Life Skills (10 Marks)

25. A group of Grade 9 learners is experiencing significant peer pressure to engage in risky behaviors, such as skipping classes and cyber-bullying. They also notice that some of their classmates struggle with anger management.

a) Identify three healthy strategies the learners can use to manage peer pressure effectively. (3mks)

i. _____

ii. _____

iii. _____

b) Explain two positive impacts of managing emotions like anger effectively on oneself and others. (4mks)

i. _____

ii. _____

c) The school has encouraged learners to undertake Community Service Learning Projects. Outline the first three stages a group should follow when implementing such a project. (3mks)

i. _____

ii. _____

THIS IS THE LAST PRINTED PAGE.

GRADE 9: 912/2: PRETECHNICAL STUDIES.

PAPER 2. (*Project*)

CODE: 008 YEAR: 2025

DURATION: 1 Month

INSTRUCTIONS TO CANDIDATES

1. Read all instructions carefully before starting any task.
2. Ensure you have all the necessary tools and materials as specified for each section.
3. Observe all safety regulations and use appropriate Personal Protective Equipment (PPE) where necessary (e.g., safety glasses, gloves).
4. All dimensions are in millimetres (mm) unless otherwise stated.
5. Neatness, accuracy, and adherence to safety procedures will be assessed.
6. Do NOT dismantle your work from Section 3 until instructed by the examiner.

TASK

A porridge vendor who sells porridge on a construction site wants to make a sieve so that her porridge is made of well-sieved flour.

Task	Question Numbers	Maximum Score	Learner's Score
Task 1	1, 2, 3, 4	28	
Task 2	8, 9	6	
Task 3	5, 6, 7	6	
TOTAL		**40 Marks**	

This paper consists of 5 printed pages. Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.

© 2025 The Kenya Junior School Examination and Assessment Series. ***Turn over***

SECTION 1: TECHNICAL DRAWING (15 Marks)

Task:

Using the provided isometric view of the object below, draw the following orthographic views in **first angle projection**:

a) Front elevation (viewed in direction of arrow X)

b) End elevation (viewed from the right side)

c) Plan view (viewed from the top)

Requirements:

a) Draw to a scale of **1:1 (Full Size)**.

b) Add **six (6) key dimensions** to your drawing.
c) Include a simple **title block** indicating "Object Drawing", your name/assessment number, and the scale used.

(Examiner: Provide a clear, simple isometric sketch of an object, e.g., an L-block or a step block, with clear dimensions. Example dimensions: Length 70mm, Width 40mm, Height 50mm, with one step/cutout.)

SECTION 2: WORKSHOP TECHNOLOGY - WOODWORK (20 Marks)

Task: Construct a **Half-Lap Joint** as shown in the diagram below, using the two pieces of prepared timber provided.

Materials Provided (per student):

a) Timber Piece A: 1 piece of softwood, 150mm×30mm×20mm
b) Timber Piece B: 1 piece of softwood, 150mm×30mm×20mm

Tools Required (per student/group access):

i. Marking gauge
ii. Try square
iii. Measuring tape/steel rule
iv. Pencil
v. Tenon saw
vi. Wood chisel (e.g., 12mm or 18mm)
vii. Mallet/Hammer
viii. Vice
ix. Bench hook (optional but recommended)

Procedure:

1. Mark out the joint dimensions accurately on both pieces of timber, referring to the diagram below. (Assume a standard half-lap joint where half the thickness is removed from each piece).
2. Use a tenon saw to make the shoulder and cheek cuts.
3. Use a chisel and mallet to remove the waste wood.
4. Fit the two pieces together to form a flush joint.

(Examiner: Provide a simple line diagram of a standard half-lap joint, clearly showing the dimensions to be removed for fitting. Ensure the joint dimensions are appropriate for the provided timber size, e.g., 30mm width, 10mm deep cuts for a 20mm thick timber.)

SECTION 3: BASIC ELECTRICAL WIRING (15 Marks)

Task: Assemble a **Parallel Circuit** on the provided baseboard to light two bulbs simultaneously, controlled by a single switch.

Materials Provided (per student/group):

i. Small wooden or plastic baseboard (approx. 100mm×150mm)
ii. 1 x Battery holder (for 2 AA or D cell batteries)
iii. 2 x AA or D cell batteries (as per holder)
iv. 1 x SPST (Single Pole, Single Throw) switch
v. 2 x Lamp holders (small screw type or bayonet type)
vi. 2 x Low voltage bulbs (e.g., 2.5V or 3V, compatible with batteries)
vii. Insulated connecting wires (approx. 1 meter, various colours recommended)
viii. Small terminal block (optional, but good for neat wiring)

Tools Required (per student/group access):

a) Small screwdriver (flat head and/or Phillips head)
b) Wire strippers/side cutters

Procedure:

1. Mount the battery holder, switch, and two lamp holders onto the baseboard using small screws or adhesive, ensuring proper spacing for wiring.
2. Cut and strip appropriate lengths of connecting wires.
3. Wire the components to form a **parallel circuit** where both bulbs light up when the switch is ON.
4. Ensure all connections are secure and insulation is intact.
5. Once wired, connect the batteries and demonstrate the working circuit to the examiner.

(Examiner: Provide a clear circuit diagram of a parallel circuit with a battery, single switch, and two bulbs. Ensure all connections are clear and distinct.)

MARKING CRITERIA:

SECTION 1: TECHNICAL DRAWING (15 Marks)

a) Correct orthographic projection (first angle): 5 marks
b) Accuracy of lines and shapes: 3 marks
c) Inclusion and accuracy of 6 dimensions: 4 marks
d) Neatness and clarity of drawing: 2 marks
e) Correct title block: 1 mark

SECTION 2: WORKSHOP TECHNOLOGY - WOODWORK (20 Marks)

a) Accuracy of marking out: 5 marks
b) Accuracy of cuts (straightness, depth): 7 marks
c) Quality of joint fit (flushness, tightness): 6 marks
d) Neatness and finish of component: 2 marks

SECTION 3: BASIC ELECTRICAL WIRING (15 Marks)

a) Correct circuit assembly (parallel configuration): 7 marks
b) Functionality (both bulbs light up): 4 marks
c) Neatness of wiring: 2 marks
d) Safety in handling components and wires: 2 marks

THIS IS THE LAST PRINTED PAGE.

© 2025 The Kenya Junior School Examination and Assessment Series. ***Turn over***

SECTION A: (30 Marks)

Choose the most appropriate answer in each question.

1. While designing a raised platform in a workshop, which safety measure should be considered first?
A. Use of bright paint
B. Installing fire alarms
C. Guardrails and toe boards
D. Displaying warning signs

2. James is drawing a machine part. Which line should he use to show the inside hidden features?
A. Dimension line
B. Leader line
C. Hidden line
D. Extension line

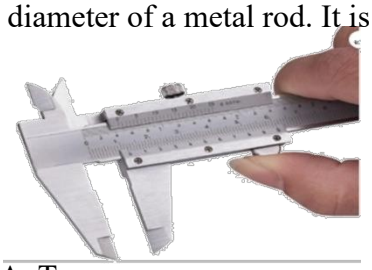

3. Which of the following is an example of an input device?
A. Monitor
B. Printer
C. Keyboard
D. Flash disk

4. A software used to draw, animate, and code using blocks is called:
A. Word Processor
B. Scratch
C. Excel
D. Photoshop

5. Which one is **not** a characteristic of economic resources?
A. Scarcity
B. Substitutability
C. Unlimitedness
D. Utility

6. In the workshop, Tom suffers a minor cut. What is the **first** aid step?
A. Rub oil on it
B. Wrap it with dirty cloth
C. Wash with clean water and cover
D. Continue working

7. The tool below is best suited for measuring the diameter of a metal rod. It is called a?

A. Try square
B. Caliper
C. Tape measure
D. Ruler

8. Which of the following is a **metallic** material?
A. Nylon
B. Copper
C. Plastic
D. Rubber

9. A good entrepreneur is described as:
A. Lazy and creative
B. Risk taker and persistent
C. Follower and dependant
D. Copying others' ideas

10. Which of the following tools is a **holding tool**?
A. Spanner
B. Clamp
C. Mallet
D. Chisel

11. The primary function of a business plan is to:
A. Entertain clients
B. Reduce capital
C. Guide business operations
D. Avoid competition

12. A diagram showing all dimensions of a shape in 2D is a:
A. Freehand sketch
B. Artistic drawing
C. Technical drawing
D. Abstract drawing

13. Which one is a **financial institution** in Kenya?
A. KRA
B. KCB
C. TSC
D. KEBS

14. One cause of **electrical fires** in the workshop is:
A. Strong lighting
B. Overloading sockets
C. Keeping windows closed
D. Wearing gloves

15. Which one is **not** a physical threat in the work environment?
A. Falling objects
B. Eye strain
C. Slippery floors
D. Strong passwords

16. The line used to show where an object has been cut is called:
A. Break line
B. Phantom line
C. Section line
D. Leader line

17. A 3D shape that has six equal faces is a:
A. Cylinder
B. Cube
C. Sphere
D. Cone

18. Which symbol indicates **flammable** materials in the lab?

A. B. C. D.

19. An example of **hardwood** found in Kenya is:
A. Pine
B. Cypress
C. Mahogany
D. Cedar

20. Which software is used to enter and calculate data?
A. Scratch
B. Excel
C. Paint
D. Windows

21. One way the **government protects consumers** is by:
A. Increasing prices
B. Enforcing quality standards
C. Reducing salaries
D. Printing more money

22. Which is a **non-metallic** material?
A. Steel
B. Bronze
C. Glass
D. Brass

23. A simple financial statement that shows income and expenses is:
A. Report card
B. Profit and Loss account
C. Withdrawal slip
D. Delivery note

24. **Oblique projection** is commonly used in:
A. Engineering sketches
B. Folk art
C. Sculpture
D. Weaving

25. Plastic and e-waste materials are harmful because they are:
A. Biodegradable
B. Expensive
C. Recyclable
D. Non-biodegradable

26. Which device is used for voice input?

A

B

C

D

27. A **composite material** is:
A. A single pure element
B. A combination of different materials
C. Always metallic
D. A hazardous material

28. One characteristic of **money** is:
A. It must expire
B. It must be beautiful
C. It must be durable
D. It must be heavy

29. **Saving money** helps a person to:
A. Lose value
B. Reduce income
C. Secure future needs
D. Encourage borrowing

30. **Visual programming** is important because:
A. It wastes time
B. It reduces creativity
C. It makes programming easy to understand
D. It removes the need for hardware

SECTION B: (50 Marks)

Answer all questions in the spaces provided.

31. Sarah is designing a business plan for her small-scale carpentry workshop.

a) List **three components** of a business plan. (3 marks)

i. _____.

ii. _____.

iii. _____.

b) State **two reasons** why a business plan is important. (2 marks)

i. _____.

ii. _____.

32. In a school project, students were asked to collect different types of waste.

a) Name **three types** of hazardous wastes. (3 marks)

i. _____.

ii. _____.

iii. _____.

b) Explain **two reasons** why plastic waste is dangerous to the environment. (2 marks)

i. _____.

ii. _____.

33. Your class is learning about sketching in technical drawing.

a) Explain **two reasons** for using freehand sketching. (2 marks)

i. _____.

ii. _____.

b) Identify **two types** of lines used in technical drawing. (2 marks)

i. _____.

ii. _____.

34. A farmer is planning to start a timber business.

a) State **two differences** between hardwood and softwood. (2 marks)

Hardwood	Softwood

b) Give **two examples** of hardwoods in Kenya. (2 marks)

i. _____.

ii. _____.

35. You are asked to measure a metallic rod.

a) Name **two tools** used for measuring in Pre-Technical Studies. (2 marks)

i. _____.

ii. _____.

b) State **two ways** of caring for cutting tools. (2 marks)

i. _____.

ii. _____.

36. Ali wants to secure his computer from online threats.

a) Identify **two online threats** to computer data. (2 marks)

i. _____.

ii. _____.

b) State **two ways** of protecting computers from online threats. (2 marks)

i. _____.

ii. _____.

37. Your school has received funding to build a raised platform in the lab.

a) State **two uses** of raised platforms. (2 marks)

i. _____.

ii. _____.

b) Identify **two safety measures** to be observed on raised platforms. (2 marks)

i. _____.

ii. _____.

38. Mr. Gitau's Family budget is as shown below

Mr. Gitau's Family budget for January, 2023.

Income	**Amount (Ksh.)**
Sale of dairy products	15,300.
Sale of poultry products	15,000.
Sale of vegetables	5,500.
Expenses	**Amount (Ksh.)**
Savings	4,000.
Food	5,000.
Rent	8,000.
School fees	7,500.
Medical insurance	500.
Transport	2,000.
Airtime	1,500.
Television subscription	800.
Internet	2,000.
Donations to charity	1,000.
Entertainment	1,500.

Task.

Calculate Mr. Gitau's total:

a. Income:(2 marks)

b. Expenses. (2 marks)

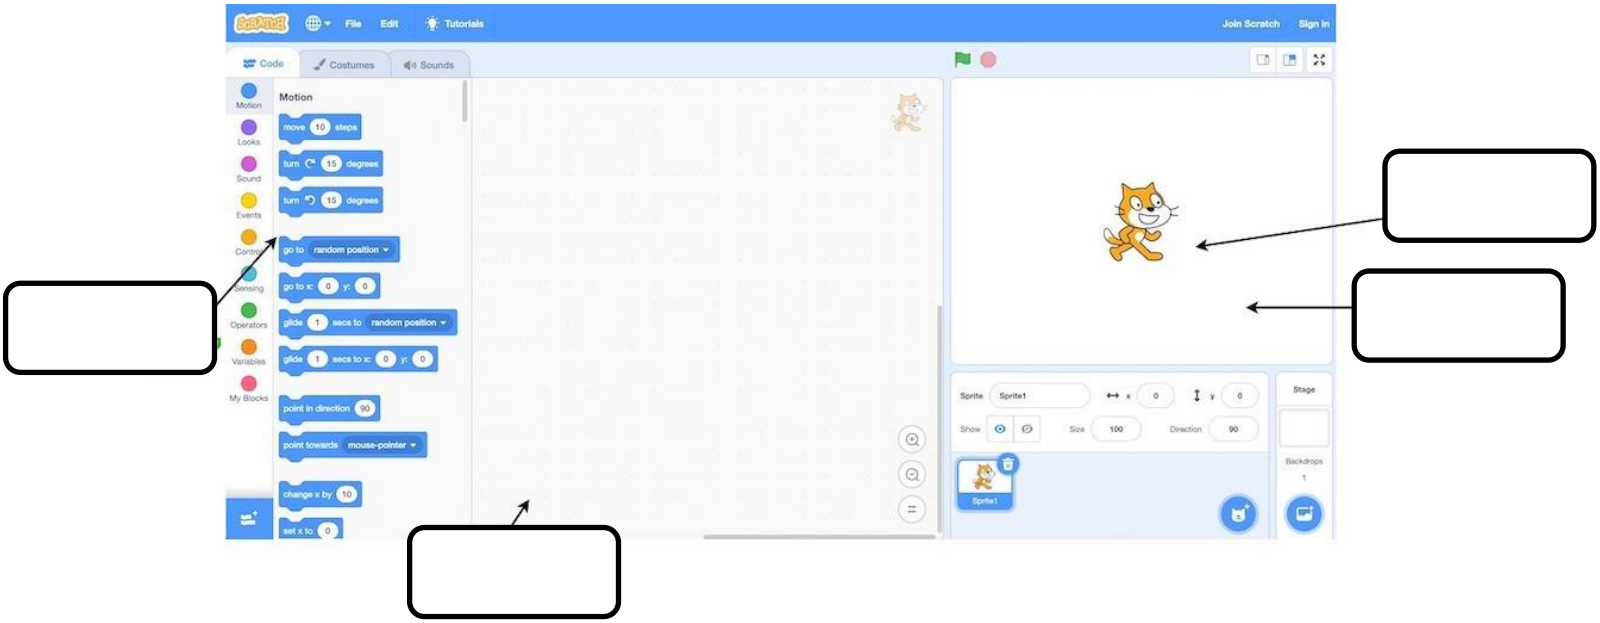

39. Your class is working on a Scratch visual programming project.

a) Define visual programming. (2 marks)

_____

_____

b) Name the **parts** of visual programming software below. (2 marks)

40. The school workshop is being renovated.

a) List **two physical threats** found in the workshop. (2 marks)

i. _____.

ii. _____.

b) Suggest **two methods** of preventing fire in the workshop. (2 marks)

i. _____.

ii. _____.

THIS IS THE LAST PRINTED PAGE.

GRADE 9: 903: MATHEMATICS

TIME: 2 HOURS

INSTRUCTIONS TO LEARNERS

1. Write your name and Assessment number in the spaces provided above.
2. Sign and write the date of the assessment in the spaces provided above.
3. This question paper consists of TWO sections: A and B.
4. Answer ALL the questions in Section A on the separate ANSWER SHEET provided.
5. Show all the workings in Section B in the spaces provided.
6. Non-programmable calculators may be used, except where stated otherwise.
7. Answer ALL the questions in Section B in the spaces provided in this QUESTION PAPER.
8. For π, use either the calculator value or 3.142.
9. Give non-exact numerical answers, correct to 3 significant figures and one decimal place for angles in degrees, unless a different level of accuracy is specified in the question.
10. Do NOT remove any page from this question paper.
11. Answer ALL the questions in English.

For Official Use Only

This paper consists of 13 printed pages. Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.

© 2025 The Kenya Junior School Examination and Assessment Series. ***Turn over***

SECTION A (20 Marks)

Answer all the questions in Section A on the separate answer sheet provided.

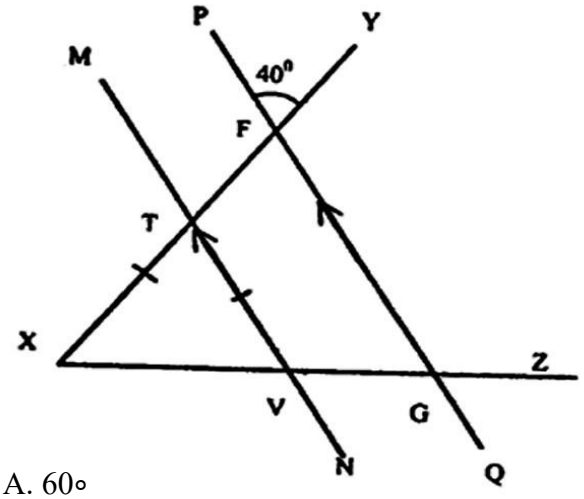

1. Work out: 45− (-15) + 7.
A. 23
B. 37
C. 53
D. 67

2. Simplify: 4(2p−3q)−3(p−2q).
A. 5p−6q
B. 5p−18q
C. 11p−6q
D. 11p−18q

3. Express the following in index form:
$\log_5 625=4$.
A. $4^5=625$
B. $5^4=625$
C. $625^4=5$
D. $625^5=4$

4. A train travelled a distance of 450 km in 3 hours. What was its average speed in m/s?
A. 150 m/s
B. 41.67 m/s
C. 125 m/s
D. 1500 m/s

5. What is the value of the angle marked T?

A. 60∘
B. 175∘
C. 50∘
D. 140∘

6. In a class, the number of girls is two-thirds the number of boys. If there are 24 boys, how many girls are in the class? A.
8 B.
12
C. 16
D. 36

Working space.

7. Work out: $(\frac{1}{4})^2+(2)^{-2}-(½)^3$.

A. $\frac{1}{16}$
B. $\frac{3}{16}$
C. $\frac{5}{16}$
D. $\frac{7}{16}$

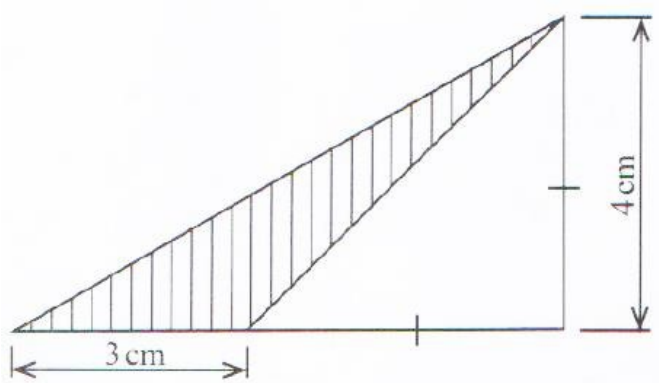

8. A rectangular playing field has a length of 50 m and a width of 30 m. If the school decides to fence the field, what length of fencing wire will be needed?

A. 80 m
B. 100 m
C. 160 m
D. 1500 m

9. The volume of a cube is $216cm^3$. What is the measure of one side of the cube?

A. 4 cm
B. 6 cm
C. 8 cm
D. 12 cm

10. In the figure shown, what is the area of the shaded part?

A. $6\ cm^2$
B. $8\ cm^2$
C. $14\ cm^2$
D. $20\ cm^2$

11. A tap can fill a tank in 4 hours. Another tap can fill the same tank in 6 hours. How long will it take to fill the tank if both taps are opened together?

A. 2 hours
B. 2.4 hours
C. 5 hours
D. 10 hours

12. Work out:

$\sqrt{2.25} \times \sqrt{400}$.

A. 15 B. 30
C. 45 D. 90

Working space.

13. Convert 0.05 as a fraction in its simplest form.
A. $\frac{5}{100}$
B. $\frac{1}{20}$
C. $\frac{1}{50}$
D. $\frac{1}{5}$

14. A student scored 75, 80, 68, 92, and 85 in five subjects. What was the mean score?
A. 78
B. 80
C. 82
D. 84

15. What is the y-intercept of the line whose equation is $y=-2x+5$?
A. -2
B. 2
C. 5
D. -5

16. What is the greatest common divisor (GCD) of 24, 36, and 48?
A. 6
B. 12
C. 24
D. 36

17. The value of a car depreciates by 15% per year. If its original value was Ksh 1,200,000, what will its value be after one year?
A. Ksh 1,020,000
B. Ksh 1,080,000
C. Ksh 1,185,000
D. Ksh 1,380,000

18. The lengths of the two shorter sides of a right-angled triangle are 9 cm and 12 cm. Calculate the length of the hypotenuse.
A. 15 cm
B. 18 cm
C. 21 cm
D. 24 cm

19. The traffic lights at three different junctions change at intervals of 45 seconds, 60 seconds, and 75 seconds respectively. If they all change simultaneously at 7:00 AM, at what time will they next change simultaneously?
A. 7:09 AM
B. 7:15 AM
C. 7:30 AM
D. 7:45 AM

20. Using mathematical tables, find the square root of 78.54.
A. 8.862
B. 8.863
C. 8.864
D. 8.865

Working space.

SECTION B (80 Marks)

Answer all the questions in the spaces provided.

21. The number of fish in a pond is such that the fish are more than 200 but less than or equal to 250.

a) Write a compound inequality to represent this information. (1mk)

b) Represent this information on a number line. (2mks)

22. A painter can paint a room in 5 hours. His apprentice can paint the same room in 10 hours. How long will it take them to paint the room if they work together? (3mks)

23. If a=4, b=−2, and c=3, find the value of a2−bc. (3mks)

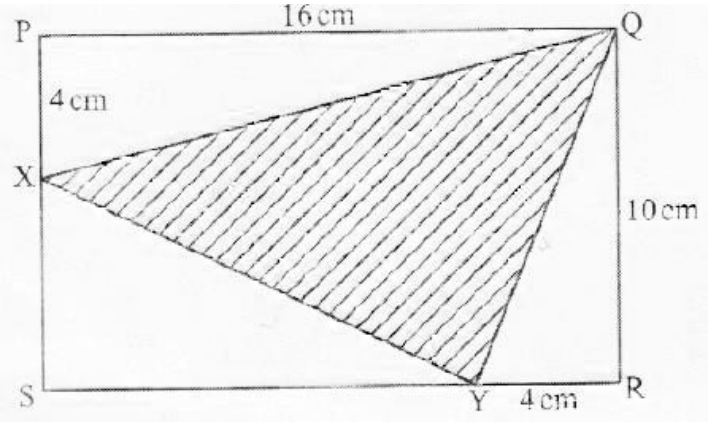

24. A bicycle has a cash price of Ksh 18,000. Peter buys it on hire purchase by paying a deposit of Ksh 4,000 and 10 monthly instalments of Ksh 1,600 each. How much more did he pay for the bicycle on hire purchase than its cash price? (3mks)

25. The figure below shows a solid cylinder with a radius of 3 cm and a height of 8 cm.

a) Draw a net of the solid. (1mk)

b) Find the surface area of the solid. (Use π=3.142) (3mks)

26. The figured PQRS is a rectangle in which line PQ= 16cm and line QR=10cm. X and Y are points on the rectangle. The line PX = line YR= 4cm

what is the area of the shaded part? (3mks)

27. Find the value of x in the equation $4^{x+1}=64$. (2mks)

28. A line with a gradient of 2 passes through the points $(-1, p)$ and $(3,10)$. Find the value of p. (3mks)

29. Find the equation of the line which passes through points R (2, -3) and S (5, 6). (3mks)

30. Find the value of m: $9^m=27$. (2mks)

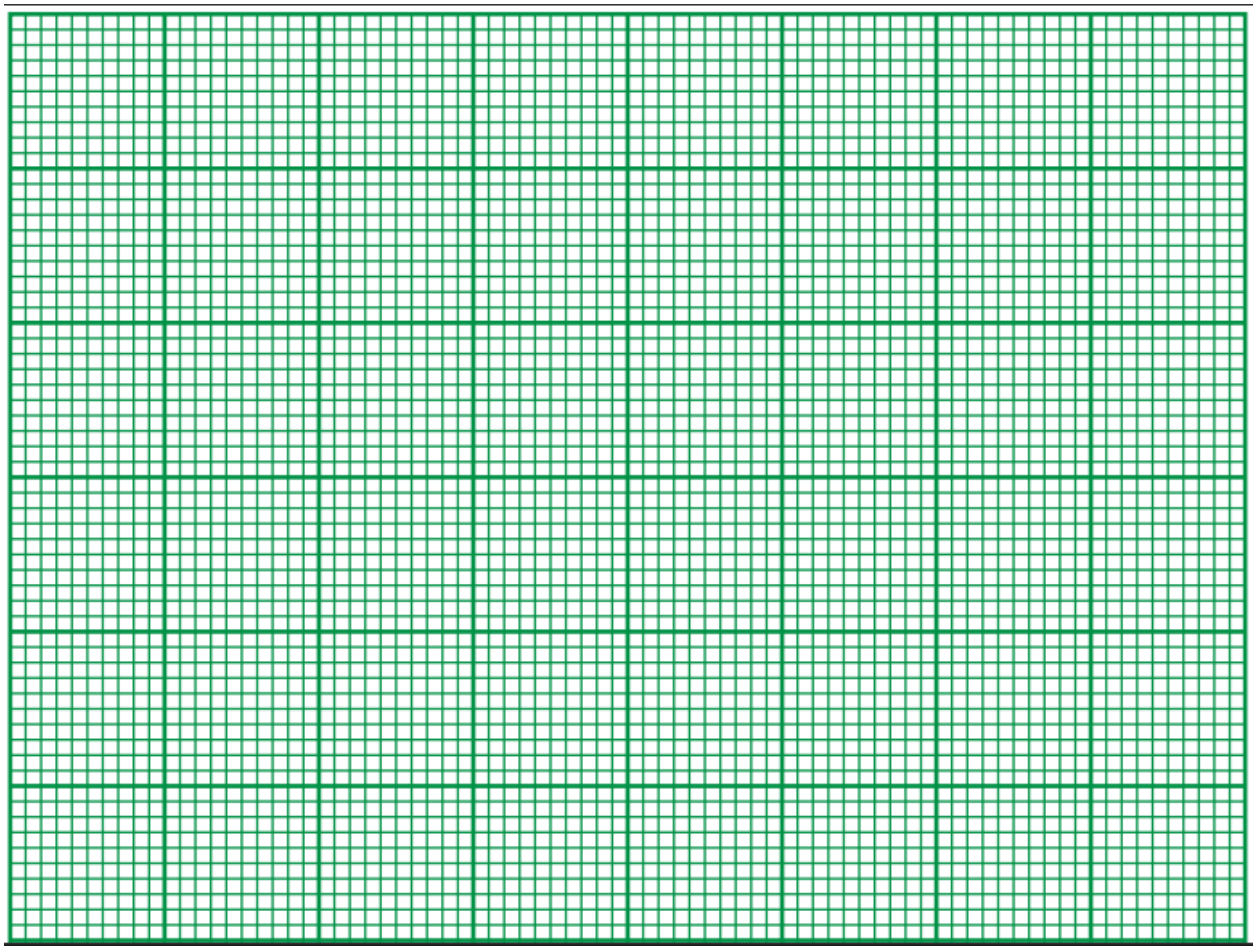

31. Solve the inequality $3x-5<7$ and show the solution on a number line. (3mks)

32. A father is 4 times as old as his daughter. In 6 years' time, the sum of their ages will be 57 years. Determine their present ages. (3mks)

33. Find the value of X+Y−Z given that X= $\begin{pmatrix} 5 & 1 \\ 2 & 7 \end{pmatrix}$ Y= $\begin{pmatrix} 3 & 6 \\ 4 & 0 \end{pmatrix}$ and Z= $\begin{pmatrix} 1 & 2 \\ 8 & 3 \end{pmatrix}$ (3mks)

34. The figure below shows a rectangular tank with dimensions 1.5 m by 0.8 m by 1.2 m. What is the volume of the tank in litres? (3mks)

35. In the space provided below, represent on the Cartesian plane a line that satisfies the inequality $x+2y\geq 6$ when $x=2$. (3mks)

36. The cash price of a refrigerator was Ksh 45,000. Jane bought it on hire purchase. She paid a deposit of Ksh 10,000 and the remaining amount in 15 equal monthly installments of Ksh 2,800 per month.

a) How much did she pay for the refrigerator in total? (3mks)

b) How much more than the cash price did she pay? (1mk)

37. The cost of three shirts and two pairs of trousers is Ksh 5,500. David bought 1 shirt and 3 pairs of trousers for Ksh 4,500. Find the cost of each item. (3mks)

38. A farmer harvested maize. He sold ¼ of the harvest and gave $\frac{2}{3}$ of the remainder to a local charity. If he was left with 50 bags, how many bags did the farmer harvest in total? (3mks)

39. Evaluate: $\frac{(4\times10-2\times5)}{(3+7)\div2+6.}$ (3mks)

40. A piece of land is in the shape of a rectangle. The length of the rectangle is 25 m and its area is $400m^2$. What is the perimeter of the rectangle? (3mks)

41. Find the gradient and y-intercept of the line whose equation is 2x+5y=10. (3mks)

42. Construct an equilateral triangle PQR with sides of length 7 cm. Construct the circumcircle of the triangle. What is the radius of the circle? (3mks)

43. A square-based pyramid has a base length of 10 cm and a slant height of 13 cm. Calculate the surface area of the pyramid. (3mks)

44. Mary is a sales agent. She is paid a 15% commission on sales above Ksh 50,000. She also receives a fixed monthly salary of Ksh 30,000. In July, she made sales worth Ksh 350,000. How much did she earn that month? (3mks)

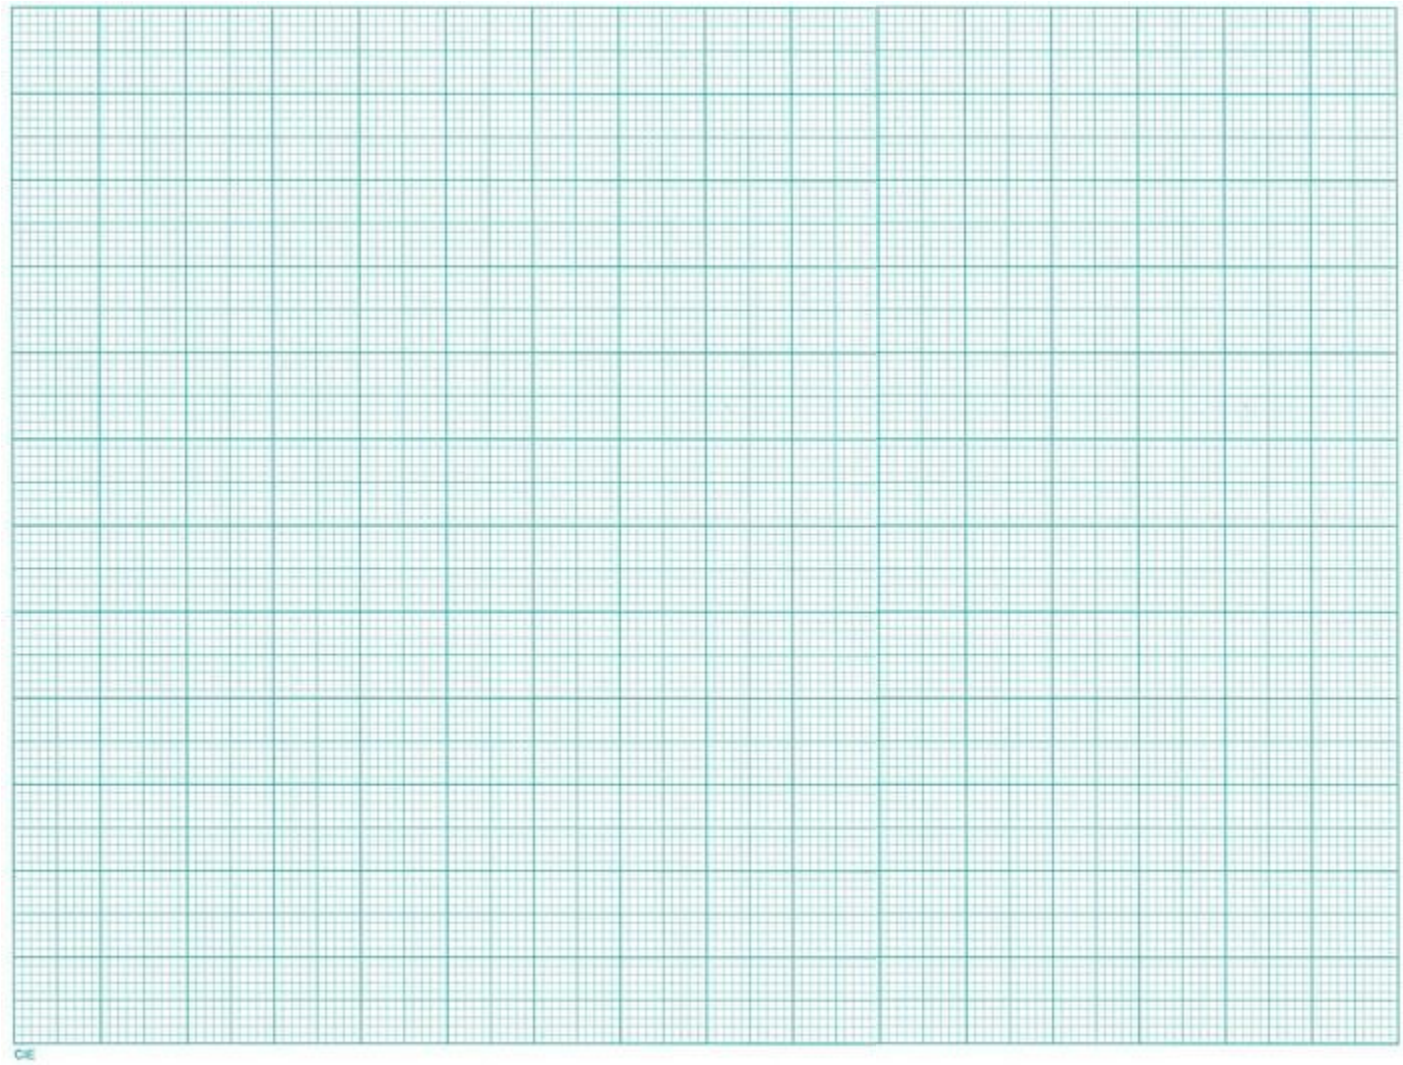

45. Peter is twice as old as his sister, Jane. Let Jane's age be j.

a) Write an expression for the sum of their ages. (1mk)

b) Work out the sum of their ages if Jane's age is 12 years. (2mks)

46. What is the value of the angles representing A, B and C in the figure below? (Diagram showing two parallel lines intersected by a transversal. One angle is given as 70∘. A, B, and C are corresponding, alternate, or co-interior angles relative to this 70∘ angle, or angles on a straight line.) (3mks)

47. On the graph grid provided below plot the following points. A. (−2,4) B (0,0) C. (1,−1) C. (3,1) and join (3mks)

THIS IS THE LAST PRINTED PAGE.

Karatasi ya 2

MSIMBO: 008 MWAKA: 2025

Muda: Saa 1 dakika 40

MAELEKEZO KWA WANAFUNZI:

1. Andika **jina lako kamili**, **nambari yako ya usajili**, **jina la shule yako**, **nambari ya shule**, na **saini yako** katika nafasi zilizotolewa hapo juu.
2. Andika **tarehe ya mtihani** kama ilivyoonyeshwa hapo juu.
3. Karatasi hii ina **sehemu mbili: A na B**.
4. **Jibu maswali yote** kutoka sehemu zote mbili.
5. Majibu yote yafanye katika **nafasi zilizotolewa pekee**.
6. Hakikisha maandishi yako yanasomeka wazi na vizuri.

SEHEMU A (Alama 15)

ZOEZI I: INSHA

Maagizo:

(i) Inapendekezwa uchukue muda wa dakika 40 katika zoezi hili.
(ii) Andika insha yenye maneno kati ya 300-350 kwenye nafasi ulizoachiwa.

Anza na kumaliza kama ifuatavyo: "Mvua ilikuwa imenyesha usiku kucha. Nilipoamka asubuhi...

...Nilifurahia sana jinsi siku hiyo ilivyokamilika, nikitarajia siku nyingine kama hiyo hivi karibuni."

SEHEMU B (Alama 35)

ZOEZI II: FASIHI SIMULIZI (Alama 10)

Soma hadithi ifuatayo kisha ujibu maswali.

Zamani za kale, Sungura na Fisi walikuwa majirani. Sungura alijulikana kwa akili zake za ujanja, huku Fisi akijivunia nguvu zake na pupa ya chakula. Sungura alikuwa na shamba dogo la mahindi ambalo alilitunza kwa uangalifu mkubwa. Fisi, kwa upande wake, alitegemea kuiba kutoka kwa wengine, akiamini kuwa nguvu zake zingemfanya apate chochote alichokitaka bila bidii.

Siku moja, kulikuwa na njaa kali kijijini. Sungura alikuwa na mavuno mengi kutokana na bidii yake shambani, jambo lililomkasirisha Fisi. Fisi alimwendea Sungura na kusema, "Sungura mwenzangu, nasikia una mahindi mengi. Kwa nini usinisaidie nami nipate chakula?" Sungura alijua Fisi alikuwa akimwinda, hivyo akamjibu kwa busara, "Fisi, mimi hulima kwa bidii. Ukipenda, naweza kukufundisha jinsi ya kulima ili upate mavuno yako mwenyewe." Fisi alidhihaki, "Kazi ngumu si yangu. Mimi hupata chakula kwa njia rahisi!"

Fisi aliamua kutumia nguvu zake kumwibia Sungura. Usiku mmoja, alijaribu kuingia shambani mwa Sungura, lakini Sungura alikuwa ameweka mtego mahiri wa kamba zilizofichwa. Fisi alinaswa kwenye mtego huo, akapiga kelele kwa uchungu. Sungura alijitokeza na kusema, "Fisi, nguvu peke yake hazitoshi. Hekima na bidii ndizo huleta mafanikio." Fisi aliona aibu kubwa na kuomba msamaha. Sungura, akiwa na moyo wa huruma, alimwachilia Fisi na kumshauri kuanza kulima ili ajitegemee. Tangu siku hiyo, Fisi alibadilika na kuanza kujifunza umuhimu wa bidii.

Maswali:

a) Taja aina mbili za wahusika waliojitokeza katika hadithi hii. (alama 2)

_____

_____

b) Eleza sifa tatu za Fisi kabla ya kubadilika kwake. (alama 3)

_____

_____

_____

_____

c) Fafanua mbinu mbili za lugha zilizotumika katika hadithi hii. (alama 2)

_____

_____

d) Ni adili gani kuu tunalopata kutoka kwa hadithi hii? (alama 1)

_____

_____

e) Taja methali moja inayofaa kuelezea funzo la hadithi hii. (alama 1)

_____

_____

f) Andika kauli mbili zinazothibitisha kuwa Sungura alikuwa na busara. (alama 1)

_____

_____

ZOEZI III: NOVELA (Alama 10)

Soma sehemu ifuatayo ya Novela kisha ujibu maswali.

Jua lilikuwa limechomoza, likimulika barabara za vumbi za kijiji cha Kwetu. Mama Asha aliketi nje ya kibanda chake, akichambua maharagwe. Wazo la binti yake, Neema, lilimjaa akilini. Neema alikuwa amemaliza darasa la nane kwa alama za juu, lakini ndoto yake ya kujiunga na shule ya upili ilionekana kuwa mbali sana kutokana na umaskini wao. Mama Asha alipumua kwa uchungu, akihisi mzigo mkubwa begani mwake. Alikuwa amechoka na maisha ya kutokupata. Alimwomba Mungu ampe nguvu na njia ya kumsaidia binti yake.

Ghafla, alimwona Mwalimu Peter akija kwa mwendo wa haraka, tabasamu pana usoni mwake. Mwalimu Peter alikuwa mkuu wa shule ya msingi na alimfahamu Neema vizuri. "Mama Asha! Nina habari njema sana!" Mwalimu Peter alisema, huku akimpungia mkono. Mama Asha aliinuka taratibu, akijawa na hofu na matumaini kwa wakati mmoja. "Mwalimu, kuna nini?" aliuliza, sauti yake ikitetemeka. Mwalimu Peter alimwambia kuwa Neema alikuwa amepata ufadhili kamili wa masomo katika shule ya upili ya kifahari jijini.

Machozi ya furaha yalianza kumtoka Mama Asha. Haya yalikuwa machozi ya shukrani, machozi ya relief. Alimkumbatia Mwalimu Peter kwa nguvu, akimshukuru sana. Neema alipotoka nje, alikuta mama yake akilia na Mwalimu Peter akitabasamu. Mwalimu Peter alimpa Neema barua ya ufadhili. Neema aliisoma barua hiyo, macho yake yakimwangaza kwa furaha isiyo kifani. Ndoto yake ilikuwa imetimia! Alikimbilia kumkumbatia mama yake, wakilia pamoja kwa furaha. Siku hiyo ilibadilisha maisha yao milele.

Maswali:

a) Tambua aina mbili za mandhari zinazojitokeza katika sehemu hii ya novela. (alama 2)

_____

_____

b) Eleza sifa mbili za Mama Asha kwa mujibu wa dondoo hili. (Alama 2)

_____

_____

c) Fafanua matarajio ya Mama Asha kuhusu binti yake. (alama 2)

_____

_____

d) Plot ni mfuatano wa matukio katika kazi ya fasihi. Eleza mfuatano wa matukio makuu matatu yaliyojitokeza katika dondoo hili. (alama 3)

_____

_____

_____

_____

e) Tambua mbinu moja ya lugha iliyotumiwa katika dondoo hili. (alama 1)

_____

_____

ZOEZI IV: TAMTHILIA (Alama 10)

Soma sehemu ifuatayo ya Tamthilia kisha ujibu maswali.

SEHEMU II ONYESHO LA 2

(*Muda: Alasiri. Mahali: Nyumbani kwa Kijana Juma. Juma ameketi peke yake, uso wake umejaa mashaka. Amevalia kofia ya kawaida na shati jeupe lililokunjana. Anakumbatia begi lake la shule*.)

Juma: (*Anajisemea*) Je, ninafanya maamuzi sahihi? Ndugu zangu wanasema shule haina maana. Wanasema nifuate nyayo zao za biashara. Lakini moyo wangu unataka elimu.

(*Mlango unagongwa. Shangazi Amina anaingia, uso wake umejaa tabasamu. Amevalia leso maridadi*.)

Shangazi Amina: Juma, mwanangu! Kwa nini umekaa hapa peke yako na mawazo mengi hivyo? Leo ndio siku ya matokeo.

Juma: Shangazi, nina wasiwasi. Ndugu zangu wamenishauri niache shule. Wanasema nitaishia kuwa maskini tu kama watu wengine waliosoma.

Shangazi Amina: (*Anakaa karibu naye na kumkumbatia*) Juma, usisikilize maneno ya kukukatisha tamaa. Elimu ni ufunguo wa maisha. Wewe ni mwerevu, na una uwezo wa kubadilisha maisha yetu. Mimi na wazazi wako hatukuwa na fursa ya kusoma, ndiyo maana tunataka wewe usome. Usiangalie nyuma.

Juma: Lakini Shangazi, maisha ni magumu. Wanasema biashara ndiyo njia pekee ya kufanikiwa haraka.

Shangazi Amina: (*Kwa sauti ya upole lakini thabiti*) Mafanikio ya haraka mara nyingi huisha haraka. Elimu hujenga msingi imara. Hata kama itachukua muda mrefu, matunda yake hudumu. Kumbuka, elimu ni urithi.

Juma: (*Anainuka, akionekana kupata nguvu*) Shangazi, asante. Maneno yako yamenitia moyo. Nitajitahidi sana shuleni.

Maswali:

a) Eleza umuhimu wa mandhari ya muda na mahali katika onyesho hili. (Alama 2)

_____

_____

b) Fafanua sifa mbili za Shangazi Amina kwa mujibu wa sehemu hii ya tamthilia. (Alama 2)

_____

_____

c) Taja na ueleze vipengele viwili vya lugha vilivyotumika katika Onyesho hili. (Alama 4)

_____

_____

_____

_____

d) Maudhui ni masuala ambayo yanazungumziwa katika kazi ya fasihi. Eleza maudhui mawili yanayojitokeza katika sehemu hii ya tamthilia. (Alama 2)

ZOEZI V: USHAIRI (Alama 5)

Soma shairi lifuatalo kisha ujibu maswali.

Kijana Amka

Kijana ee amka sasa,
Acha usingizi wa tama,
Muda hauwezi kusimama,
Usikae ukapotea njia.

Kazi ni nyingi zazidi,
Zinakungoja kwa bidii,
Elimu ni ngao ya kweli,
Ipiganie kwa moyo safi.

Hivi majuzi si mbali,
Wazazi walihangaika,
Wakulima na wavumilia,
Ili upate elimu njema.

Malengo yao ni mema,
Kukujengea msingi bora,
Maisha yako yawe mema,
Hadithi ya mafanikio bora.

Usione haya kijana,
Wala usidanganyike,
Marafiki wasikupoteze,
Kwa mienendo ya hatari.

Shule ni daraja la ndoto,
Si kelele wala mchezo,
Soma kwa bidii na moyo,
Kesho itakushukuru.

Ukikamilisha masomo,
Ukipita kwa heshima,
Utafikia kazi njema,
Na maisha yatajenga.

Familia itatabasamu,
Wewe utakua mfano bora,
Kwa vizazi vijavyo,
Utakua mwangaza wa sasa.

Maswali:

a) Shairi hili lina beti ngapi? (Alama 1)

b) Shairi hili lina mwandishi. Ni yupi? (Alama 1)

c) Eleza ujumbe mkuu wa shairi hili. (Alama 2)

d) Taja na ueleze mbinu moja ya lugha iliyotumiwa katika shairi hili. (Alama 1)

HUU NDIO UKURASA WA MWISHO ULIOPIGWA CHAPA.

TATHMINI YA ELIMU YA SHULE YA JUNIOR KENYA

GREDI 9: 902/1: KISWAHILI LUGH

Karatasi ya 1

MSIMBO: 008 MWAKA: 2025

Muda: Saa 1 dakika 40

MAAGIZO KWA WANAFUNZI

1. Hakikisha kuwa karatasi ya majibu uliyopewa ina **NAMBARI YAKO YA MTIHANI**, **JINA LAKO**, na **JINA LA SHULE YAKO** mahali panapostahili.
2. Weka karatasi yako ya majibu safi. Usiikunje.
3. Kwa kila swali, 1 - 50, umepewa majibu manne yaweza kuwa A, B, C, au D. Chagua jibu sahihi.
4. Kwenye karatasi ya majibu, onyesha jibu (au herufi) uliyochagua kuwa jibu sahihi kwa kukijaza kiduara chenye herufi hiyo.

Mfano: Katika kijitabu cha maswali:

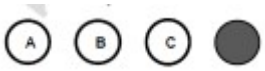

25.Orodha ifuatayo ni ya majina ya vitu vinavyopatikana katika mazingira yako.Ni jibu lipi lenye vitu vinavyotajwa na nomino za ngeli ya I-ZI?

A. kucha, sahani B. kuta, ngoma C. nyuta, kamba D. pamba, taa

Jibu sahihi ni D.

Katika karatasi ya majibu:

5. Katika viduara vinavyoonyesha majibu ya swali namba 25,jaza kiduara chenye herufi D kwa kutumia penseli.

Kijitabu hiki cha maswali kina kurasa 7 zilizopigwa chapa. Hakikisha kuwa kurasa zote zipo na maswali yapo ipasavyo.

6. Jaza kiduara chako vizuri, **KIWE CHEUSI** na alama zisijitokeze nje ya kiduara
7. Kwa kila swali, jaza kiduara kimoja tu kati ya viduara vine ulivyopewa.

© 2025 – Mfululizo wa Mitihani na Tathmini ya Shule za Junia za Kenya **Geuza ukurasa**

Soma kifungu kifuatacho kisha ujibu swali la 1 hadi la 6.

Maisha ya kisasa yameleta mabadiliko makubwa katika jamii zetu. Teknolojia imepanuka, mawasiliano yamerahisishwa, na fursa mpya zimefunguka. Hata hivyo, sambamba na maendeleo haya, kumekuwa na changamoto zisizoweza kupuuzwa.

Hapo zamani, ilikuwa kawaida kwa majirani kusaidiana katika shida na raha. Kijana alipotoka nje ya mstari, mzee yeyote kijijini alikuwa na jukumu la kumrekebisha. Umoja na ushirikiano vilikuwa nguzo kuu za maisha ya kijamii. Watoto walilelewa kwa maadili mema, na mila na desturi zilifuatwa kwa makini. Kila mmoja alikuwa mlinzi wa mwenzake, akifahamu kuwa 'umoja ni nguvu, utengano ni udhaifu'.

Katika enzi hizi, kumekuwa na kuporomoka kwa maadili. Vijana wengi huiga tamaduni ngeni bila kuchuja, wakisahau utajiri wa tamaduni zao. Mitindo ya mavazi na lugha imeathirika pakubwa, huku heshima kwa wazee na mamlaka ikipungua. Utegemezi wa teknolojia umepunguza mawasiliano ya ana kwa ana, na uhusiano wa kifamilia umedhoofika.

Aidha, matumizi mabaya ya mitandao ya kijamii yamechangia pakubwa katika kudidimia kwa maadili. Baadhi ya watu hutumia majukwaa haya kusambaza taarifa zisizo sahihi, kejeli, na picha zisizofaa. Hali hii imeathiri afya ya akili ya vijana na kusababisha migogoro ya kijamii. Ingawa mitandao ina faida zake, matumizi yake yanapaswa kuwa na mipaka na busara.

Ni muhimu kurejea kwenye mizizi yetu. Maendeleo hayapaswi kutufanya tusahau asili yetu. Ni wajibu wetu sote, wazazi, viongozi, na jamii kwa ujumla, kuhakikisha kuwa maadili mema yanalelewa na kudumishwa. Tuwape vijana wetu malezi bora na kuwaongoza katika njia sahihi ili wawe raia wema na wenye tija. Tusikubali maendeleo yatulemee kimaadili.

1. Kulingana na kifungu, ni ipi faida mojawapo ya maisha ya kisasa?
A. Kuporomoka kwa maadili.
B. Kuongezeka kwa migogoro ya kijamii.
C. Mawasiliano kurahisishwa.
D. Vijana kuiga tamaduni ngeni.

2. Kwa mujibu wa kifungu, ni nini kilichokuwa nguzo kuu za maisha ya kijamii hapo zamani?
A. Kutegemea teknolojia.
B. Umoja na ushirikiano.
C. Kuiga tamaduni ngeni.
D. Kupunguza mawasiliano ya ana kwa ana.

3. Chagua jibu linaloonyesha jinsi maadili yameporomoka kulingana na aya ya tatu.
A. Vijana huheshimu wazee.
B. Uhusiano wa kifamilia umedhoofika.
C. Wazee hawana jukumu la kurekebisha vijana.
D. Kijana akitoka nje ya mstari, majirani humrekebisha.

4. Bainisha madhara ya matumizi mabaya ya mitandao ya kijamii kulingana na aya ya nne.
A. Mawasiliano yamerahisishwa.
B. Kuathiri afya ya akili ya vijana.
C. Kufunguka kwa fursa mpya.
D. Kusambaza taarifa sahihi.

5. Methali 'umoja ni nguvu, utengano ni udhaifu' inamaanisha nini katika muktadha wa kifungu?
A. Watu wanapaswa kutengana ili kupata nguvu.
B. Ushirikiano huleta mafanikio, kutengana huleta udhaifu.
C. Kila mtu anapaswa kujitegemea.
D. Maendeleo huja na kutengana.

6. Neno **kudidimia** limetumiwa katika kifungu. Chagua kisawe cha neno hilo.
A. kuimarika
B. kukua
C. kushuka
D. kupanda

Soma kifungu kifuatacho kisha ujibu swali la 7 hadi la 12.

Kulikuwa na nchi iliyokumbwa na ukame mkali. Mito ilikauka, mimea ilinyauka, na mifugo walikufa kwa kukosa maji. Watu walikuwa na hofu kubwa, kwani njaa na maradhi yalianza kusambaa. Mfalme wa nchi hiyo, Mfalme Kiongozi, alikuwa amechanganyikiwa na hakujua la kufanya.

Siku moja, mzee mmoja mwenye busara, aliyeitwa Babu Hekima, alijitokeza. Alimwendea Mfalme Kiongozi na kusema, "Mfalme wangu, suluhisho la tatizo letu liko mikononi mwetu. Tunahitaji kuchimba visima virefu ili kupata maji chini ya ardhi." Mfalme Kiongozi alishtuka, kwani alikuwa amejaribu kila kitu bila mafanikio. Alikubali ushauri wa Babu Hekima.

Mfalme alitoa tangazo kwa wananchi wote waanze kuchimba visima. Baadhi ya watu walisita, wakiamini kuwa jambo hilo lilikuwa gumu na lisilowezekana. Lakini Babu Hekima aliwahimiza, "Msife moyo! Kila safari ndefu huanza na hatua moja. Tukifanya kazi kwa bidii na ushirikiano, tutafanikiwa."

Wananchi walianza kuchimba visima kwa moyo mmoja. Walichimba mchana na usiku, wakivumilia jua kali na uchovu. Babu Hekima aliwaongoza, akiwapa matumaini na kuwafundisha mbinu mpya za kuchimba. Baada ya siku nyingi za kazi ngumu, ghafla, maji yalianza kufurika kutoka kwenye visima! Furaha ilitanda kila mahali.

Ukame ulikwisha, na nchi ilianza kustawi tena. Mfalme Kiongozi alimshukuru sana Babu Hekima kwa hekima yake na uongozi wake. Tangu siku hiyo, wananchi walijifunza umuhimu wa ushirikiano, uvumilivu, na kutokata tamaa hata katika nyakati ngumu. Walikumbuka maneno ya Babu Hekima: "Ushindi huja kwa wale wanaochapa kazi bila kukata tamaa."

7. Chagua jibu linaloonyesha shida kuu iliyokuwa ikiikabili nchi hiyo.
   A. Maradhi
   B. Ukame mkali
   C. Migogoro ya kijamii
   D. Kutokuwa na uongozi bora
8. Kwa mujibu wa kifungu, Mfalme Kiongozi alikuwa na hisia gani kabla ya kumpata Babu Hekima?
   A. Furaha
   B. Matumaini
   C. Kuchanganyikiwa
   D. Utulivu
9. Kifungu kimebainisha kuwa Babu Hekima ni:
   A. Mvivu, mkatili
   B. Mwenye bidii, mpole
   C. Mwenye busara, kiongozi
   D. Mwenye kiburi, mnyonge
10. Unafikiri ni kwa nini baadhi ya watu walisita kuchimba visima mwanzoni?
    A. Walikuwa wavivu.
    B. Waliamini kuwa haingewezekana.
    C. Hawakumwamini Mfalme.
    D. Walitaka Babu Hekima afanye kazi peke yake.
11. Matukio yafuatayo yalitokea katika kifungu.

    (i) Mfalme Kiongozi alimshukuru Babu Hekima.
    (ii) Ukame mkali uliikumba nchi.
    (iii) Babu Hekima alitoa ushauri.
    (iv) Wananchi walianza kuchimba visima.

    Chagua mfuatano sahihi wa matukio hayo.

    A. (ii), (iii), (iv), (i)
    B. (iii), (ii), (iv), (i)
    C. (iv), (iii), (ii), (i)
    D. (ii), (iv), (iii), (i)
12. Methali, 'Kila safari ndefu huanza na hatua moja' imetumika katika kifungu. Maana yake ni:
    A. Ni vigumu kuanza safari ndefu.
    B. Mafanikio makubwa huanza na hatua ndogo.
    C. Safari zote lazima ziwe ndefu.
    D. Kila hatua inahitaji safari ndefu.

Soma kifungu kifuatacho kisha ujibu swali la 13 hadi la 17.

Utalii ni sekta muhimu inayochangia pakubwa katika uchumi wa nchi nyingi duniani. Hapa nchini Kenya, utalii umekuwa tegemeo kubwa la mapato, ukileta fedha za kigeni na kuunda nafasi za ajira. Nchi yetu imebarikiwa na vivutio vingi vya kitalii, kuanzia wanyamapori, fukwe za kuvutia, milima mirefu, na tamaduni tajiri.

Mbuga za wanyama kama vile Masai Mara, Amboseli, na Tsavo hupokea maelfu ya watalii kila mwaka. Watalii hawa huja kujionea uzuri wa wanyama pori kama vile simba, tembo, nyati, na chui. Maisha ya wanyamapori yamekuwa

kivutio kikuu, yakivutia wapiga picha na watafiti kutoka pembe zote za dunia. Serikali na mashirika mbalimbali yamekuwa yakifanya juhudi kubwa kuhakikisha uhifadhi wa wanyamapori unafanyika kwa ufanisi.

Fukwe za Pwani ya Kenya, kama vile Diani, Watamu, na Malindi, nazo zimekuwa vivutio vingine vikuu. Uzuri wa bahari, fukwe zenye mchanga mweupe, na fursa za michezo ya majini hufanya maeneo haya kuwa paradiso kwa watalii. Hoteli za kifahari zimejengwa kando ya fukwe hizi, zikitoa huduma bora kwa wageni.

Licha ya vivutio vya asili, tamaduni za makabila mbalimbali nchini Kenya pia zimekuwa kivutio cha kipekee. Watalii hupenda kujifunza kuhusu mila, ngoma, na sanaa za kitamaduni za jamii kama vile Wamasai, Wakalenjin, na Wagikuyu. Vijiji vya kitamaduni vimeanzishwa ili watalii waweze kupata uzoefu wa moja kwa moja wa maisha ya jadi.

Hata hivyo, sekta ya utalii inakabiliwa na changamoto kadhaa, ikiwemo usalama, ushindani kutoka nchi zingine, na athari za mabadiliko ya tabianchi. Ni muhimu kwa wadau wote kushirikiana ili kukabiliana na changamoto hizi na kuhakikisha kuwa sekta ya utalii inaendelea kustawi na kuchangia katika maendeleo ya nchi yetu.

13. Kulingana na aya ya kwanza, ni nini mchango mkuu wa utalii nchini Kenya?
A. Kujenga hoteli za kifahari.
B. Kuongeza migogoro ya kijamii.
C. Kuleta fedha za kigeni na kuunda nafasi za ajira.
D. Kuhifadhi wanyamapori pekee.

14. Chagua jibu ambalo halionyeshi kivutio cha kitalii nchini Kenya.
A. Milima mirefu.
B. Maduka ya rejareja.
C. Tamaduni tajiri.
D. Wanyamapori.

15. Chagua jibu linaloonyesha sifa ya Mbuga za wanyama katika kifungu hiki.
A. Hupokea watalii wachache.
B. Hazina wanyama wa kutosha.
C. Ni kivutio kikuu kinachovutia watafiti.
D. Ziko Pwani ya Kenya.

16. Je, unafikiri nini kinaweza kutokea iwapo sekta ya utalii itakabiliwa na changamoto kubwa bila kukabiliwa?
A. Uchumi wa nchi utaimarika.
B. Idadi ya watalii itaongezeka.
C. Mapato ya nchi yatapungua.
D. Hoteli mpya zitajengwa.

17. Maana ya neno **tegemeo** kulingana na kifungu ni:
A. Mzigo
B. Msaada
C. Tatizo
D. Kivutio

Soma kifungu kifuatacho kisha ujibu swali la 18 hadi la 20.

Bwana Juma anamiliki shamba kubwa la matunda. Ana aina tano za matunda anayouza sokoni: maembe, machungwa, ndizi, maparachichi na papai. Ana wateja wanne wakuu: Zawadi, Baraka, Neema na Imani. Kila mteja ananunua matunda tofauti kila siku za wiki kuanzia Jumatatu hadi Ijumaa. Tazama jedwali lifuatalo:

Siku	**Jumatatu**	**Jumanne**	**Jumatano**	**Alhamisi**	**Ijumaa**
Mteja					
Zawadi	Maembe	Ndizi	Machungwa	Papai	Maparachichi
Baraka	Ndizi	Maembe	Papai	Machungwa	Maembe
Neema	Machungwa	Papai	Maembe	Ndizi	Papai
Imani	Papai	Machungwa	Ndizi	Maembe	Machungwa

18. Chagua jibu lenye jina la mteja ambaye hununua aina moja tu ya tunda mara tatu kwa wiki.
A. Zawadi B. Baraka C. Neema D. Imani

19. Matunda gani yanauzwa kwa wingi siku ya Ijumaa?
A. Papai B. Machungwa
C. Maembe D. Maparachichi

20. Chagua jibu lenye siku ambayo kila mteja wa Bwana Juma hununua tunda linalotofautiana na la wenzake.
    A. Jumatatu
    B. Jumanne
    C. Jumatano
    D. Alhamisi

Soma kifungu kifuatacho kisha ujibu swali la 21 hadi la 25.

(Ni jioni. Mama Pendo amekaa nje ya nyumba yake akisoma gazeti. Mtoto wake, Neema, anakuja mbio akitoka shuleni.)

Neema: (*Akinaswa na pumzi.)* Mama, mama! Nimekuja!

Mama Pendo: (*Akiinua macho yake kutoka gazetini, akitabasamu.)* Karibu mwanangu. **21** umefika salama?

Neema: Ndiyo mama, nimefika salama. Leo kulikuwa na mambo mengi shuleni.

Mama Pendo: (*Kwa upole.)* Haya, nambia. Nini kilitokea?

Neema: Tulikuwa na mgeni mwalimu wa Kiswahili. Alitufundisha mada mpya ya methali. Alisema methali ni **22** za jamii.

Mama Pendo: Ah, kweli kabisa! Methali zina hekima kubwa. Ni muhimu kuzielewa.

Neema: Ndiyo mama. Lakini kuna methali moja iliniacha na maswali mengi. “Mpanda ovyo hula ovyo.” Sijaielewa vyema.

Mama Pendo: (*Akifikiri kwa muda mfupi*.) Maana yake ni rahisi, Neema. Ina maana kwamba, **23** . Mtu asiyejiandaa vizuri hawezi kutarajia mafanikio.

Neema: (*Akinyenyekea*.) Ah, sasa nimeelewa! Ni kama mwanafunzi asiyesoma vizuri hawezi kufaulu mtihani.

Mama Pendo: Kabisa! **24** . Umeielewa vyema.

Neema: Asante mama. Sasa naenda kufanya kazi zangu za shule.

Mama Pendo: Nenda mwanangu. Nakuombea mafanikio. **25**

21. Chagua jibu sahihi kukamilisha nafasi ya 21 iliyoachwa kwenye kifungu.
    A. Je B. Kweli C. Hapana D. Baada
22. Chagua neno sahihi kujaza nafasi ya 22 iliyoachwa kwenye kifungu.
    A. mapambo B. rasilimali C. hazina D. vyombo
23. Chagua maana sahihi ya methali 'Mpanda ovyo hula ovyo' kujaza nafasi ya 23.
    A. Anayepanda mbegu ovyo ovyo atapata mavuno mazuri.
    B. Anayefanya mambo bila mpangilio hupata matokeo mabaya.
    C. Anayepanda vizuri hulima vibaya.
    D. Anayekula vibaya hupanda vizuri.

24. Chagua neno sahihi kujaza nafasi ya 24 iliyoachwa kwenye kifungu.
A. Vema B. Mbaya C. Hivyo D. Nje
25. Chagua nahau inayofaa kujaza nafasi ya 25 katika kifungu.
A. Usijali. B. Kaza buti. C. Endelea. D. Piga moyo konde.

Kifungu kifuatacho kina nafasi 26 hadi 35. Umepewa majibu manne hapo. Chagua jibu lifaalo zaidi kujaza nafasi.

Elimu ni ufunguo wa maisha. **26** ni muhimu kwa kila mmoja wetu kuhakikisha tunapata elimu bora. Elimu hutupatia maarifa, ujuzi, na **27** muhimu zinazotuwezesha kukabiliana na changamoto za maisha. Bila elimu, ni **28** kwa mtu kuweza kufanikiwa katika ulimwengu wa leo unaobadilika kwa kasi.

Jambo la kwanza ni **29** juhudi shuleni. Walimu wetu hufanya kazi **30** kutufundisha, na ni wajibu wetu kuwasikiliza na kufanya kazi zetu za nyumbani. Pia, ni muhimu kushiriki kikamilifu katika midahalo na shughuli za ziada za masomo. Hii hutusaidia kukuza uwezo wetu wa kufikiri na **31** matatizo.

Pili, tunapaswa kujitahidi kusoma vitabu mbalimbali. Vitabu ni hazina ya maarifa, na kwa kusoma, tunapanua **32** yetu ya ulimwengu. Tusiishie tu na vitabu vya masomo, bali tusome hadithi, riwaya, na makala mbalimbali. Hii hutusaidia kujifunza maneno mapya na **33** uelewa wetu wa lugha.

Tatu, ni muhimu kutumia teknolojia kwa busara. Intaneti imetuletea fursa nyingi za kujifunza, lakini pia inaweza kuwa chanzo cha usumbufu. **34** tunapaswa kuhakikisha tunatumia intaneti kwa madhumuni ya kielimu na kuepuka **35** zisizo na tija.

26. A. Hivyo	B. Kwa sababu	C. Licha ya	D. Ingawa
27. A. vikwazo	B. stadi	C. matatizo	D. vizuizi
28. A. rahisi	B. vigumu	C. muhimu	D. bora
29. A. kupiga	B. kuweka	C. kutoa	D. kuonyesha
30. A. ngumu	B. rahisi	C. duni	D. salama
31. A. kupoteza	B. kutatua	C. kuunda	D. kupunguza
32. A. ufahamu	B. mipaka	C. hofu	D. shida
33. A. kupunguza	B. kuongeza	C. kuharibu	D. kuzuia
34. A. Kwani	B. Hivyo	C. Lakini	D. Au
35. A. shughuli	B. fursa	C. elimu	D. faida

Kutoka swali la 36 hadi la 50 chagua jibu sahihi.

36. Neno, **ujinga** katika sentensi, **Ujinga ulileta hasara kubwa**, ni nomino dhahania. Chagua jibu linaloonyesha aina za nomino zilizopigiwa mstari katika sentensi ifuatayo:

Kamati ya wazazi iliandaa **mkutano** muhimu.

A. makundi, dhahania
B. makundi, kawaida
C. pekee, wingi
D. wingi, pekee

37. Ni sentensi gani iliyo katika hali ya kukanusha?
A. Watoto wanacheza bustanini.
B. Mama hajala chakula chake.
C. Kaka atakuja kesho.
D. Mbwa alifukuza paka.

38. Neno **yupo** katika sentensi: **Mgeni yupo nyumbani**, ni kitenzi kishirikishi. Chagua sentensi nyingine yenye kitenzi kishirikishi.
A. Chakula kimepikwa.
B. Alikuwa mwanafunzi hodari.
C. Ameandika barua.
D. Watasoma kitabu.

39. Nomino, **kijiko** iko katika ngeli ya KI-VI. Nomino, **ukuta** iko katika ngeli gani?
A. U-YA
B. U-I
C. I-ZI
D. I-I

40. Chagua neno sahihi kujaza nafasi katika jedwali lifuatalo. Fuata mfano.

nene	**nyembamba**
juu	

A. mbali B. chini C. karibu D. ndani

41. Ukanusho wa sentensi, **Amelala mapema sana** ni:
A. Hatulali mapema sana.
B. Halala mapema sana.
C. Hajalala mapema sana.
D. Hangelala mapema sana.

42. Chagua jibu lenye kiambishi kinachofaa kujaza nafasi katika sentensi ifuatayo. Kitanda ___ imetengenezwa vizuri.
A. ki
B. vi
C. cha
D. ya

43. Chagua usemi halisi wa:

Asha alisema kwamba angefika shuleni mapema.

A. "Nitafika shuleni mapema," Asha alisema.
B. "Angalifiki shuleni mapema," Asha alisema.
C. "Atafika shuleni mapema," Asha alisema.
D. "Nilifiki shuleni mapema," Asha alisema.

44. Mwenzako amekuomba umwonyeshe sentensi yenye kivumishi cha sifa. Utachagua sentensi ipi?
A. Vitabu hivyo ni vyangu.
B. Mwanafunzi mrefu amefaulu.
C. Vijana watano wamekimbia.
D. Chakula kile ni kitamu.

45. Chagua jibu lenye sentensi iliyoakifishwa ipasavyo.
A. Jamani, amefika.
B. Jamani. Amefika.
C. Jamani! Amefika.
D. Jamani: amefika.

46. Sentensi, **Mwalimu alimwandikia mwanafunzi barua**, inamaanisha mwalimu aliandika barua kwa ajili ya mwanafunzi. Chagua jibu lenye maana nyingine ya sentensi hiyo.
A. Mwalimu alimwandikia mwanafunzi akiwa na barua.
B. Mwalimu alitumia mwanafunzi kuandika barua.
C. Mwalimu alimwandikia mwanafunzi habari kwenye barua.
D. Mwalimu alimuagiza mwanafunzi aandike barua.

47. Sentensi zifuatazo zimetumia mbinu mbalimbali za lugha. Chagua sentensi ambayo imetumia tashibiha.
A. Yeye ni simba vitani.
B. Alilia kama mtoto mchanga.
C. Alishinda mashindano hayo.
D. Ukimwona, mwambie nimefika.

48. Chagua jibu lenye maana ya maneno yafuatayo: **jali, shali**.
A. thamani, mchezo
B. kutunza, bahati mbaya
C. kujua, kukosa
D. kukubali, kukataa

49. Ni sentensi ipi iliyo katika hali ya udogo?
A. Kitoto kinalia sana.
B. Kiboko kimefurahi.
C. Kijana anasoma kitabu.
D. Kibaba kilianguka.

50. Mwenzako anatumia mbinu chafu kufaulu mitihani. Chagua methali utakayotumia kumwonya.
A. Haba na haba hujaza kibaba.
B. Dawa ya moto ni moto.
C. Mcheza kwao hutunzwa.
D. Kuiba si kula.

HUU NDIO UKURASA WA MWISHO ULIOPIGWA CHAPA.

GRADE 9: 909: ISLAMIC RELIGIOUS EDUCATION

CODE: 008 YEAR: 2025

TIME: 2 HOURS

INSTRUCTIONS TO CANDIDATES:

1. This paper consists of TWO sections: A and B.
2. Answer ALL questions in Section A and B.
3. All answers MUST be written in the spaces provided.
4. Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.
5. Candidates should answer the questions in English.

For Official Use Only:

SECTION A: (20 MARKS)

Question No.	**1**	**2**	**3**	**4**	**5**	**6**	**7**	**8**	**9**	**10**

SECTION A: (20 MARKS)

(Answer all questions)

1. Amina, a Grade 7 learner, is struggling to understand the difference between the Quran and Hadith. Her teacher explains that one is the direct word of Allah revealed to Prophet Muhammad (PBUH), while the other comprises the sayings, actions, and approvals of the Prophet.Which of the following best describes the **Quran** based on the teacher's explanation?

A. Sayings of the Prophet Muhammad (PBUH)

B. Actions of the Prophet Muhammad (PBUH)

C. Direct word of Allah (SWT) revealed to Prophet Muhammad (PBUH)

D. Approvals of the Prophet Muhammad (PBUH)

2. During a Grade 8 IRE lesson, the teacher discusses the importance of *Tawhid*. Hassan understands that Tawhid means the oneness of Allah (SWT).Which action by Hassan would **best demonstrate** his understanding of Tawhid in his daily life?

A. Praying five times a day regularly.

B. Seeking help and guidance from Allah alone.

C. Giving charity to the needy in his community.

D. Fasting during the month of Ramadan.

3. Omar, a Grade 9 student, observes a conflict between two of his classmates. He remembers a Hadith that emphasizes the importance of unity among Muslims, likening them to a single body.

If Omar decides to act upon this Hadith, which of the following approaches would be the **most effective** in resolving the conflict?

A. Ignoring the conflict, hoping it resolves itself.

B. Taking sides with one of the classmates.

C. Mediating between them and encouraging reconciliation.

D. Reporting them to the school administration without attempting to help.

4. A Grade 7 class is learning about the pillars of Islam. Sarah knows that Salat is one of the pillars and involves specific movements and recitations.

Which of the following is an **essential condition** for a valid Salat?

A. Performing it loudly

B. Facing any direction

C. Being in a state of ritual purity (Wudu)

D. Praying only in a Mosque

5. Fatima, a Grade 8 learner, reads about the Day of Judgment (Yaumul Mahshar) and the concept of *Ba'ath* (resurrection). She is contemplating the significance of these beliefs.

What is the **primary significance** of believing in *Ba'ath* for a Muslim?

A. To fear Allah's punishment.

B. To understand the history of prophets.

C. To encourage accountability for one's actions in this life.

D. To know the names of all the angels.

6. The Grade 9 IRE class is discussing *Akhlaq* and the virtues of honesty. David's friend, Mark, is considering cheating on an upcoming exam.

Drawing upon Islamic virtues, what advice would David **most appropriately** give to Mark?

A. "It's okay, everyone cheats sometimes."

B. "Cheating might get you good grades, but it's not honest, and Allah values honesty."

C. "Just don't get caught."

D. "If you share your answers, it's not really cheating."

7. During a family discussion, a Grade 7 student, Yusuf, hears his parents talk about *Zakat*. He understands it's a form of charity.What is the **main purpose** of Zakat in Islam?

A. To show off one's wealth.

B. To purify wealth and help the needy.

C. To accumulate more blessings for oneself.

D. To avoid paying taxes.

8. A Grade 8 class is studying the life of Prophet Muhammad (PBUH). They learn about his exemplary character and how he dealt with adversity. When faced with a difficult situation, which characteristic of Prophet Muhammad (PBUH) would be **most beneficial** for a learner to emulate?

A. His military strategies.

B. His patience and perseverance.

C. His eloquent speech.

D. His leadership in governance.

9. Maryam, a Grade 9 student, is learning about Islamic finance. Her family is considering investing in a business, and she wants to ensure it aligns with Islamic principles.

Which of the following principles is **most crucial** for Maryam's family to consider for their business to be Islamically permissible?

A. Maximizing profits at all costs.

B. Avoiding interest (Riba) and engaging in ethical practices.

C. Investing only in large corporations.

D. Lending money with high returns.

10. Ali, a Grade 7 boy, sees his younger sister break a valuable vase accidentally. She is very upset and fears punishment. What Islamic value related to compassion and forgiveness should Ali encourage his parents to demonstrate towards his sister?

A. Strict punishment to teach a lesson.

B. Understanding and forgiveness, coupled with teaching responsibility.

C. Ignoring the incident completely.

D. Blaming someone else for the broken vase.

11. In a Grade 7 IRE class, the teacher explains that a Muslim's wealth is purified when a certain percentage is given to specific categories of needy people. Which of the following pillars of Islam is the teacher most likely referring to?

A. Salat

B. Sawm

C. Zakat

D. Hajj

12. During a Grade 8 discussion on Prophet Muhammad's (PBUH) character, a student mentions how the Prophet always upheld his promises, even to those who wronged him.

Which Islamic virtue is **best exemplified** by the Prophet's action in this scenario?

A. Generosity

B. Patience

C. Trustworthiness

D. Courage

13. A Grade 9 student, Aisha, is part of a youth group discussing community service. She proposes a project to help the elderly in their neighborhood. She recalls Islamic teachings that emphasize the importance of caring for the vulnerable.

Which of the following Islamic teachings would **most strongly support** Aisha's proposal?

A. The importance of acquiring knowledge.

B. The obligation of Hajj for those who can afford it.

C. The emphasis on compassion and social justice towards all.

D. The benefits of performing supererogatory prayers.

14. Ali, a Grade 7 learner, is learning about the different types of angels in Islam. He understands that some angels have specific roles.Which angel is primarily known for delivering divine revelation to prophets?

A. Angel Israfil

B. Angel Mika'il

C. Angel Jibreel (Gabriel)

D. Angel Malik

15. The Grade 8 IRE class is studying the life of Sayyidatina Khadijah (RA). They learn about her steadfast support for Prophet Muhammad (PBUH) during the early days of Islam.

What is the **most significant lesson** Muslims can learn from Sayyidatina Khadijah's (RA) life, particularly in challenging times?

A. The importance of wealth.

B. The value of steadfastness and emotional support.

C. The necessity of leading a business.

D. The benefit of early conversion to Islam.

16. Maryam, a Grade 9 student, witnesses her friend being gossiped about by a group of classmates. She feels uncomfortable because she knows Islam strictly prohibits backbiting.Which action by Maryam would **best reflect** her understanding of Islamic ethical conduct in this situation?

A. Joining in the gossip to fit in.

B. Silently walking away from the group.

C. Gently reminding her friends about the prohibition of backbiting.

D. Spreading the gossip further to other friends.

17. A Grade 7 student, Yusuf, observes his older brother always making supplications (Du'a) after his prayers. He asks why this is important.What is the **primary reason** Muslims make Du'a?

A. To show off their piety.

B. To communicate directly with Allah (SWT) and seek His help.

C. To fulfill a social custom.

D. To replace the obligatory prayers.

18. During a Grade 8 IRE lesson on Islamic history, students learn about the *Muhajirun* (emigrants) and *Ansar* (helpers) during the Hijra to Madinah.What **key lesson** about brotherhood and unity can be drawn from the relationship between the Muhajirun and Ansar?

A. The importance of tribal alliances.

B. The strength of mutual support and selflessness among Muslims.

C. The benefits of forced migration.

D. The need for military strength.

19. A Grade 9 student, Hassan, is researching Islamic perspectives on environmental protection. He finds numerous verses in the Quran and Hadith that emphasize stewardship of the earth.Based on these Islamic teachings, what is the **most profound implication** of humans being *Khalifah* (stewards) on Earth?

A. Humans have unlimited power to exploit natural resources.

B. Humans are accountable to Allah for their treatment of the environment.

C. Humans are superior to all other creations and can do as they please.

D. Humans should avoid interacting with nature.

20. Amina, a Grade 7 learner, hears her parents discussing the importance of marriage in Islam. She learns it is considered half of one's

deen.Which of the following is a **fundamental objective** of marriage in Islam?

A. To gain wealth and social status.

B. To fulfill desires without responsibility.

C. To establish a family unit and foster spiritual tranquility.

D. To escape parental control.

SECTION B: STRUCTURED QUESTIONS (80 MARKS)

Answer all questions. Each question carries marks as indicated.

21. During a Quran recitation class, the teacher emphasizes the importance of reading the Quran with proper *Tajwid*. Salim wonders why this is necessary.

a) State one reason why Muslims are encouraged to recite the Quran with *Tajwid*. (2 marks)

_____

_____

b) Name two other names of the Holy Quran. (2 marks)

_____

_____

22. Aisha is participating in a school debate on the significance of the Quran as a guide for humanity. Her opponent argues that it's an ancient book and not relevant to modern challenges.

a) Explain two ways the Quran serves as a comprehensive guide for Muslims in their daily lives, countering the opponent's argument. (4 marks)

_____

_____

_____

_____

b) Describe how the Quran was preserved over time. (3 marks)

_____

_____

_____

_____

23. The Grade 9 IRE class is studying Surah Al-Hujurat (Q 49). They discuss how the Surah addresses social etiquette and community harmony. A new student, who recently converted to Islam, asks how the teachings of this Surah can be practically applied in their diverse school environment to foster better relationships.

a) Analyze two teachings from Surah Al-Hujurat that promote positive social interactions and mutual respect within a community. (6 marks)

_____

_____

b) Propose two practical steps the new student can take to apply these teachings in their school life. (4 marks)

_____

_____

24. Maryam's grandmother tells her a story about the Prophet Muhammad (PBUH) and his kindness to animals. Maryam understands this is a Hadith.

a) Define the term Hadith. (2 marks)

_____

_____

b) Name two categories of Hadith. (2 marks)

_____

_____

25. A group of students in Grade 8 are discussing the authority of Hadith in Islamic law. One student argues that only the Quran is sufficient.

a) Explain two reasons why Hadith is considered an essential source of Islamic law alongside the Quran. (4 marks)

_____

_____

b) Give one example of how a Hadith clarifies a general injunction found in the Quran. (3 marks)

_____

_____

26. During a school outreach program, Omar, a Grade 9 student, encounters a situation where misinformation and rumors are spreading about a new initiative. He recalls Hadith that strongly condemn backbiting and spreading false information.

a) Discuss the impact of spreading misinformation and rumors in a community from an Islamic perspective, citing relevant Hadith teachings. (6 marks)

_____

_____

_____

_____

b) Suggest two proactive measures Omar can take, based on Hadith principles, to counter the spread of false information in his school. (4 marks)

_____

_____

27. During an IRE lesson, the teacher asks students to list the six pillars of Iman. Safiya correctly lists "Belief in Allah" and "Belief in His Angels."

a) List any two other pillars of Iman. (2 marks)

_____

_____

b) What does "Belief in Qadar" mean? (2 marks)

_____

_____

28. The Grade 8 class is learning about the Day of Judgment. They discuss the concept of *Mizan* (the scale of justice) and how people's deeds will be weighed.

a) Explain how the belief in the Day of Judgment influences a Muslim's actions in this world. Provide two examples. (4 marks)

_____

_____

b) Describe the concept of *intercession* on the Day of Judgment. (3 marks)

_____

_____

29. A group of Grade 9 students are debating the concept of *Qadar* (Divine Decree) and free will. Some argue that if everything is predestined, human effort is meaningless.

a) Reconcile the Islamic belief in *Qadar* with the concept of human free will and responsibility, using examples. (6 marks)

_____

_____

_____

_____

b) Evaluate the importance of believing in *Qadar* in promoting patience and resilience in a Muslim's life, especially during challenging times. (4 marks)

_____

_____

_____

_____

30. Ahmed's family is preparing for Ramadan. He knows fasting is mandatory for Muslims.

a) State two conditions that make fasting obligatory for a Muslim. (2 marks)

_____

_____

b) Name one other devotional act besides fasting. (2 marks)

_____

_____

31. The IRE teacher discusses the spiritual benefits of Salat. While some students understand its obligation, they struggle to grasp its deeper impact.

a) Explain two spiritual benefits that a Muslim gains from performing Salat regularly and with devotion. (4 marks)

_____

_____

b) Differentiate between *Fardh Ayn* and *Fardh Kifaya* acts in Islamic jurisprudence, giving an example for each. (3 marks)

32. A local community is experiencing a severe drought. The Imam advises the community to engage in *Tawbah* (repentance) and seek Allah's forgiveness. Many community members wonder about the true essence of Tawbah beyond just saying "Astaghfirullah."

a) Discuss the comprehensive nature of *Tawbah* in Islam, outlining its essential components and conditions for acceptance. (6 marks)

b) Propose how the act of *Tawbah* can contribute to a community's moral and spiritual well-being, especially during times of hardship. (4 marks)

33. During a school assembly, the principal emphasizes the importance of good manners. As a Muslim, Fatuma knows that Islam places great emphasis on *Akhlaq*.

a) Give two examples of good *Akhlaq* that a student should demonstrate in school. (2 marks)

b) State one negative trait that Islam prohibits. (2 marks)

34. A new student joins Grade 8 and struggles to fit in. Some classmates are unkind towards them. The IRE teacher reminds the class about the Islamic virtue of showing kindness and empathy to others.

a) Explain two ways demonstrating kindness and empathy can strengthen community bonds and promote peace, based on Islamic teachings. (4 marks)

_____

_____

b) Describe how pride can be a destructive moral trait in Islam. (3 marks)

_____

_____

_____

35. A local news report highlights increasing cases of corruption and dishonesty in society. As a Grade 9 IRE student, you are tasked with preparing a presentation on the significance of Islamic morality in building a just and upright society.

a) Analyze how adherence to Islamic moral principles like honesty, justice, and trustworthiness can curb societal ills such as corruption. Provide specific examples. (6 marks)

_____

_____

_____

_____

b) Propose two strategies that individuals can adopt to uphold high moral standards in their daily lives, even when faced with societal pressures. (4 marks)

_____

_____

_____

_____

36. During a discussion on family values, the IRE teacher mentions the importance of respecting elders.

a) State one way a child can show respect to their parents. (2 marks)

_____

_____

b) Name one prohibited social interaction in Islam. (2 marks)

_____

_____

37. Sarah's aunt is going through a divorce. Sarah overhears discussions about *Iddah*. She is curious about its purpose in Islam.

a) Explain two purposes of *Iddah* in Islamic family law. (4 marks)

_____

_____

_____

_____

b) Describe the Islamic principles governing fair trade in business transactions. (3 marks)

_____

_____

_____

_____

38. The community is grappling with rising cases of domestic disputes. As a Grade 9 IRE student, you are asked to provide an Islamic perspective on addressing domestic violence and promoting harmonious family relations.

a) Discuss the Islamic teachings regarding the rights and responsibilities of spouses in marriage and how these can prevent domestic violence. (6 marks)

_____

_____

_____

_____

b) Suggest two practical interventions, based on Islamic principles, that community leaders can implement to address and prevent domestic violence. (4 marks)

_____

_____

_____

_____

39. A Grade 7 student, Juma, is learning about the early history of Islam and the significance of migration (Hijra).

a) From which city to which city did the Prophet Muhammad (PBUH) migrate during the Hijra? (2 marks)

_____

_____

b) Name one famous companion of the Prophet Muhammad (PBUH). (2 marks)

_____

_____

40. During a history lesson, students learn about the contributions of early Muslim scholars to various fields of knowledge.

a) Explain two ways early Muslim scholars contributed to advancements in science and mathematics. (4 marks)

_____

_____

b) Describe the significance of the Battle of Badr in early Islamic history. (3 marks)

_____

_____

_____

_____

41. There's a growing interest among Grade 9 students about the history of Islam in Kenya. They observe that Islam has been present for centuries but often its early contributions are overlooked.

a) Analyze the key factors that led to the spread of Islam in Kenya and its impact on the local communities. (6 marks)

_____

_____

_____

_____

b) Propose two ways the school can promote awareness and appreciation of Islamic heritage and its contributions in Kenya. (4 marks)

_____

_____

_____

_____

GRADE 9: 905/2: INTEGRATED SCIENCE

PAPER 2 *(Practical)*

CODE: 008 YEAR: 2025

TIME: 2 HOURS

INSTRUCTIONS TO CANDIDATES:

1. Write your **name** and **assessment number** in the spaces provided above.
2. Write the **name** and **code of your school** in the spaces provided above.
3. **Sign** and write the **date** of the assessment in the spaces provided above.
4. This paper consists of **2** questions.
5. Answer **BOTH** questions in the spaces provided on this **QUESTION PAPER**.
6. Do **NOT** remove any page from this question paper.
7. Answer the questions in English.

For Official Use Only			
Task	**Task 1**	**Task 2**	**TOTAL**
Question	1	2	3QUESTIONS
Maximum Score	20	10	30 MARKS
Candidate's Score			

This paper consists of 4 printed pages. Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.

QUESTION ONE (20 Marks)

You are provided with: -

i. *A green leaf that has been exposed to sunlight*

ii. *Beaker with boiling water*

iii. *Beaker with ethanol*

iv. *Petri dish*

v. *Iodine solution*

vi. *Forceps*

vii. *Dropper*

a) Describe the procedure used to test for the presence of starch in the leaf. (6 marks)

_____

_____

_____

_____

_____

_____

b) Record the observation made when iodine was added to the treated leaf. (2 marks)

_____

c) State the conclusion of the experiment. (1 mark)

_____

_____

d) What condition was being tested for in this experiment? (1 mark)

_____

e) Explain why the leaf is first boiled in water and then in ethanol. (3 marks)

_____

_____

_____

f) Name two safety precautions observed during the test. (2 marks)

_____

_____

g) List three conditions necessary for photosynthesis. (3 marks)

_____

_____

_____

h) Identify two parts of a leaf and state their roles in photosynthesis. (2 marks)

_____

_____

QUESTION TWO (10 Marks)

You are provided with: -

i. *A dry cell*
ii. *Switch*
iii. *Bulb*
iv. *Connecting wires*
v. *Ammeter*
vi. *Voltmeter*

a) Draw a complete and correctly labeled diagram showing how you would set up a circuit to light the bulb and measure current using the ammeter. (3 marks)

b) Connect the circuit and record the reading of the current flowing through the bulb. (1 mark)

Current: _____ Amps

c) State two reasons why the bulb might fail to light. (2 marks)

_____

_____

d) Give two functions of the switch in the circuit. (2 marks)

_____

_____

e) Name two conductors that can be used to replace the wires. (2 marks)

_____

_____

SECTION A: (30 marks)

Answer ALL the questions in this section.

1. A team of researchers is studying the impact of climate change on a local lake in Kisumu County. They analyze changes in water chemistry (Chemistry), effects on fish populations (Biology), and shifts in weather patterns (Physics). This holistic research approach exemplifies the core principle of:
A. Specialization in one scientific field.
B. Understanding isolated scientific concepts.
C. Integrated Science.
D. Artistic observation.

2. A farmer is designing a sustainable agricultural system. They consider soil composition (Chemistry), plant growth and reproduction (Biology), and the use of solar-powered irrigation pumps (Physics). This integrated thinking is crucial for:
A. Limiting the complexity of problems.
B. Addressing complex real-world challenges.
C. Promoting singular academic pursuits.
D. Memorizing theoretical definitions.

3. While performing an experiment that involves heating liquids, a student accidentally spills a hot chemical on their arm, causing a blister. This is a severe burn. What is the immediate first aid procedure?
A. Apply ice directly to the burn.
B. Apply butter or oil to the burn.
C. Cool the burn under cool running water for at least 10 minutes.
D. Puncture the blister to relieve pressure.

4. A scientist is measuring the volume of a liquid chemical using a measuring cylinder. Which SI unit would be most appropriate for this measurement?
A. Kilogram
B. Metre
C. Litre
D. Second

5. A chef prepares a mixture of sugar and sand. Which method would be most effective to separate the sugar from the sand, given that sugar is soluble in water and sand is not?
A. Decantation, then evaporation.
B. Filtration, then crystallization.
C. Dissolving, then filtration, then evaporation.
D. Hand picking.

6. A student is testing a solution using blue litmus paper, and it turns red. When tested with methyl orange indicator, it turns red. This indicates the solution is:
A. Strongly alkaline.
B. Neutral.
C. Acidic.
D. A weak base.

7. A group of adolescent girls are discussing the onset of menstruation and its associated physical and emotional changes. This experience is a key part of:
A. Infancy.
B. Childhood.
C. Puberty.
D. Adulthood.

8. A household circuit breaker trips when too many appliances are plugged into one socket, preventing damage to the wiring and appliances. This situation is commonly caused by a(n):
A. Open circuit.
B. Closed circuit.
C. Short circuit or overload.
D. Incomplete circuit.

9. When replacing a light bulb, it is important to ensure your hands are dry and you are standing on a non-conductive surface. This is a crucial safety measure to prevent:
A. The bulb from breaking.
B. Electric shock.
C. The circuit from overheating.
D. Power fluctuation.

10. A carpenter uses a magnetic level to ensure shelves are perfectly horizontal. The level contains small magnets that adhere to metal surfaces, demonstrating the property of magnets to:
A. Generate heat.
B. Repel all metals.
C. Attract specific ferromagnetic materials.
D. Conduct electricity.

11. A student is learning about the element that is a highly reactive metal, essential for healthy bones and teeth, and has the symbol 'Ca'. Which element is it?
A. Carbon
B. Copper
C. Calcium
D. Chromium

12. Dominic placed bottled water in a refrigerator.

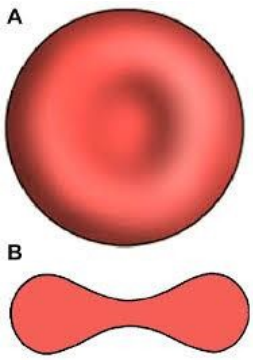

Later he observed that the water had turned into solid ice. This process is known as:
A. Melting.
B. Boiling.
C. Freezing.
D. Condensation.

13. When a piece of paper is crumpled into a ball, its shape changes, but it is still paper and can be flattened out. This is an example of a:
A. Chemical change.
B. Permanent change.
C. Physical change.
D. Irreversible change.

14. During a fire safety demonstration, students are taught to "cool" a fire by spraying water on it (for Class A fires). This method of fire control targets which component of the fire triangle?
A. Fuel.
B. Heat.
C. Oxygen.
D. Chain reaction.

15. A gardener observes that when highly concentrated fertilizer is applied directly to plant roots, the plant wilts. This is because water moves out of the plant cells into the soil, illustrating the principle of:
A. Diffusion.
B. Active transport.
C. Osmosis.
D. Transpiration.

16. A biology student examines a human red blood cell under a microscope.

They notice its biconcave disc shape and the absence of a nucleus. This cell is optimized for:
A. Photosynthesis.
B. Transporting oxygen.
C. Structural support.
D. Reproduction.

17. A scientist needs to observe the intricate details of a cell nucleus, requiring very high magnification. Which type of microscope would be most suitable?
A. Hand lens.
B. Dissecting microscope.
C. Light microscope with low power.
D. Electron microscope.

18. A student prepares a temporary slide of onion epidermal cells. After placing the specimen and adding a drop of iodine solution, they notice the nuclei are more visible. The purpose of the iodine solution is to:
A. Preserve the cells.
B. Kill the cells.
C. Stain the cells to enhance visibility.
D. Prevent air bubbles.

19. A person hears music from a radio.

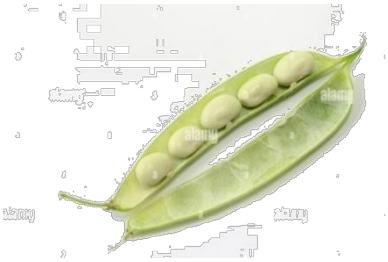

The sound waves produced by the radio speakers require a medium (*like air*) to travel to the listener's ears. This classifies sound as a:
A. Electromagnetic wave.
B. Transverse wave.
C. Mechanical wave.
D. Standing wave.

20. Scientists use remote sensing technology to monitor deforestation from space. This involves satellites capturing data using different types of waves. This is an application of:
A. Ground-based surveys.
B. Wave technology.
C. Direct physical measurement.
D. Human observation only.

21. A patient with a cancerous tumor might undergo radiation therapy. This treatment uses high-energy waves to destroy cancer cells. This is an application of:
A. MRI scans.
B. X-ray technology.
C. Cancer therapy.
D. Laser surgery.

22. A student examines a bean pod, which is a type of fruit.

Inside the pod are the seeds. The formation of the bean pod indicates that which floral structure matured after fertilization?
A. Stamen.
B. Petal.
C. Ovary.
D. Sepal.

23. In a grassland ecosystem, a food chain shows that grass is eaten by rabbits, and rabbits are eaten by foxes. The grass in this food chain is classified as a:
A. Primary consumer.
B. Producer.
C. Decomposer.
D. Secondary consumer.

24. A scientist observes a pond ecosystem and identifies algae, water insects, and fish as the living components. These are collectively known as:
A. Abiotic factors.
B. Biotic factors.
C. Non-living elements.
D. Environmental factors.

25. A child looks at their reflection in the back of a shiny metal spoon. The image appears upright but much smaller. This type of curved mirror is a:
A. Plane mirror.
B. Concave mirror.
C. Convex mirror.
D. Parabolic mirror.

26. A security mirror in a shop provides a wide view of the entire aisle. This type of mirror is designed to diverge light rays and produce a diminished image, making it a:
A. Plane mirror.
B. Concave mirror.
C. Convex mirror.
D. Converging mirror.

27. During a medical procedure, a surgeon uses a precise beam of light to coagulate blood vessels. This technique minimizes bleeding and tissue damage. This is an application of:
A. X-rays.
B. Ultrasound.
C. Laser surgery.
D. Radio waves.

28. A farmer notices that his avocado trees are primarily pollinated by bees. This suggests the avocado flowers have adaptations for:
A. Wind pollination.
B. Water pollination.
C. Insect pollination.
D. Self-pollination.

29. A person uses a GPS device on their phone to find their location. The GPS receives signals from satellites orbiting Earth. This system relies on:
A. Sound waves.
B. Electromagnetic waves.
C. Mechanical waves.
D. Pressure waves.

30. A family is heating leftover food using a microwave oven. The oven generates specific waves that cause water molecules to vibrate and heat up. These waves are:
A. Infrared waves.
B. Ultraviolet waves.
C. Microwaves.
D. Radio waves.

SECTION B: (40 Marks)

Answer ALL the questions in this section in the spaces provided.

31. (a) A science teacher explains that a neutral atom has a nucleus containing protons and neutrons, surrounded by electrons in shells.

(i) If an element has 12 protons, what is its atomic number? (1 mark)

_____

(ii) Draw the electron arrangement for this element. (2 marks)

32. (a) A family in Nanyuki notices that their kettle frequently gets a hard, white coating inside, requiring regular descaling.

(i) What is this white coating chemically known as? (1 mark)

_____

(ii) Suggest one simple method to remove this scaling from the kettle. (1 mark)

_____

(b) Duralumin is an alloy of aluminum, copper, manganese, and magnesium, used in aircraft construction.
(i) Explain why Duralumin is preferred over pure aluminum for aircraft structures. (1 mark)

_____

_____

33. (a) Sodium (Na) is a highly reactive metal, while Sulfur (S) is a non-metal that forms rings.

(i) State one characteristic chemical property of non-metals. (1 mark)

_____

(ii) When carbon reacts with oxygen to form carbon dioxide, write a word equation for this reaction. (1 mark)

_____

(b) Describe one common use of the element Chlorine (Cl). (1 mark)

_____

(c) Explain the difference between a mixture and a compound, giving an example for each. (1 mark)

_____

_____

34. (a) A farmer observes that his tomato plants are not producing much fruit, despite lush green leaves. He suspects an imbalance of nutrients.

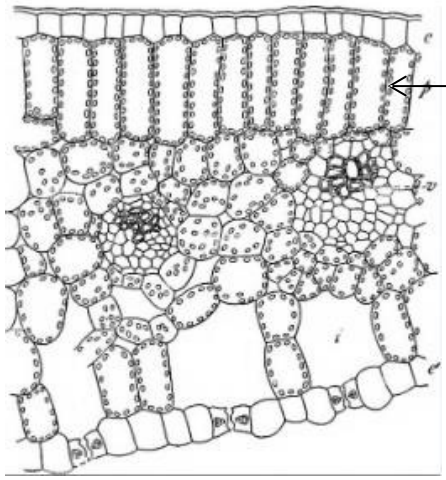

(i) Name one major nutrient required for flowering and fruiting in plants. (1 mark)

_____

(ii) Name the green organelles within plant cells where photosynthesis takes place. (1 mark)

_____

(b) The diagram below shows a cross-section of a plant leaf

(i) Name the layer in the leaf marked M. (1 mark)

_____

(ii) How do the guard cells regulate the opening and closing of stomata? (1 mark)

_____

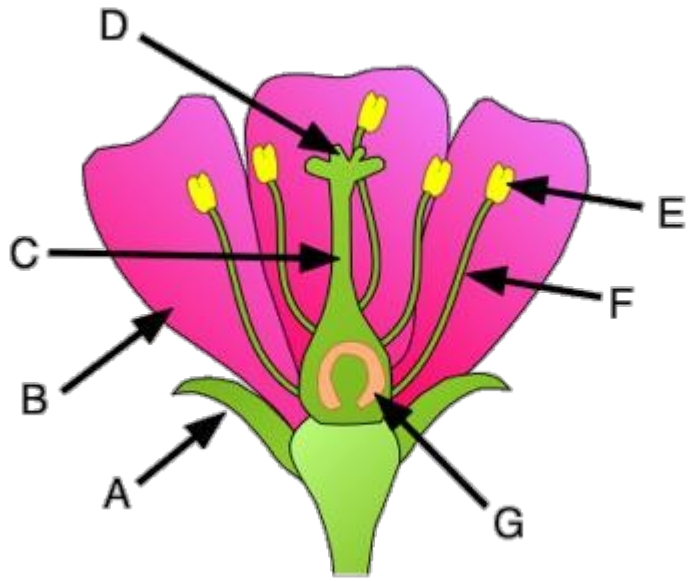

_____

(c) Describe the main stages of photosynthesis. (2 marks)

_____

_____

35. (a) A student is examining a flower and its parts.

(i) What reproductive structure is produced by the anthers? (1 mark)

_____

(ii) Name the parts marked C and F (1 mark)

C- _____.

F- _____.

(b) Some fruits have hooks or burrs on their surface.

(i) What method of seed dispersal is this an adaptation for? (1 mark)

_____

(ii) Explain one adaptation of a flower that is pollinated by insects. (1 mark)

_____

_____

36. (a) A Grade 9 student is learning about different nutritional relationships in ecosystems.

(i) Define 'saprophytic' mode of nutrition, giving an example of an organism that exhibits it. (2 marks)

_____

(ii) Give an example of an animal that is a typical omnivore. (1 mark)

(b) A veterinarian examines the teeth of a domestic cat and notes its sharp, pointed canines.

(i) What is the primary function of canine teeth in carnivorous animals? (1 mark)

(ii) Distinguish between homodont and heterodont dentition, giving an example for each. (1 mark)

37. (a) A patient experiences severe abdominal pain and vomiting. Medical tests reveal issues with their liver's ability to produce bile.

(i) How does the absence of bile affect the digestion of fats? (1 mark)

(ii) Describe the mechanical digestion process that occurs in the mouth. (2 marks)

(b) Some gut bacteria in humans produce vitamin K, which is beneficial for the human host. In return, the bacteria get a stable environment and nutrients.

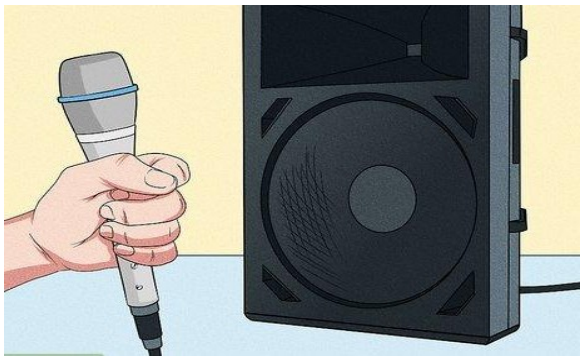

(i) What type of symbiotic relationship is this? (1 mark)

_____

(ii) Name one common kidney disorder. (1 mark)

_____

38. (a) A person speaks into a microphone, and their voice is amplified through speakers.

(i) What type of energy transformation occurs in the microphone? (1 mark)

_____

(ii) What is the classification of sound waves? (1 mark)

_____

(b) A student is experimenting with laser pointers.

(i) State one application of laser technology in medicine, other than surgery. (1 mark)

_____

(ii) Describe one characteristic of waves that distinguishes them from particles. (1 mark)

_____

_____

39. (a) A security guard uses a convex mirror to monitor a wide area of a supermarket.

(i) Draw a ray diagram to show the formation of an image by a convex mirror. (2 marks)

(ii) Name one application of a concave mirror. (1 mark)

_____

(b) Kenya is building new affordable housing units and is considering various energy sources.

(i) Name one major benefit of using renewable energy sources over non-renewable ones. (1 mark)

_____

_____

40. (a) A car battery is used to power the headlights.

(i) What form of energy is stored in the car battery? (1 mark)

_____

(ii) Describe the energy transformation that occurs when the car headlights are switched on. (1 mark)

_____

_____

(b) A person wearing high heels walks on a soft lawn, leaving deep indentations. If they wear flat shoes, they don't sink as much.

A B

(i) Explain this observation in terms of pressure. (1 mark)

_____

_____

SECTION A: Multiple Choice Questions (20 Marks)

Choose the best answer for each question.

1. Your friend, Ali, is curious about the origins of Hinduism. He asks you, "Where did Hinduism primarily originate and evolve?" Which of the following is the most accurate response?
A) Mesopotamia B) Indus Valley
C) Ancient Egypt D) Greece

2. During a discussion about different religious texts, your teacher mentions the foundational scriptures of Hinduism. Which set of texts is considered the most ancient and authoritative in Hinduism?
A) Puranas
B) Bhagavad Gita
C) Vedas
D) Upanishads

3. Your younger sister sees an image of a deity with four arms and asks you who it is. You explain that this deity is often associated with the creation of the universe. Which deity are you most likely describing?
A) Vishnu B) Shiva
C) Brahma D) Lakshmi

4. Your family is discussing the concept of 'Dharma' in Hinduism. Your uncle asks, "What is the primary meaning of Dharma in the context of Hindu life?"
A) Wealth and prosperity
B) Righteous conduct and moral duty
C) Spiritual liberation
D) Sensual pleasure

5. You are learning about the different stages of life in Hinduism. Your teacher explains that individuals traditionally follow a path of duty and responsibility. What is this concept called?
A) Moksha
B) Artha
C) Karma
D) Ashramas

6. Your class is studying the concept of Karma. Your classmate, Sarah, says, "So, if I do good things, good things will happen to me, and if I do bad things, bad things will happen. Is that correct?" Which Hindu concept is Sarah accurately describing?
A) Samsara
B) Moksha
C) Karma
D) Dharma

7. Your grandmother tells you a story about a cycle of birth, death, and rebirth in Hinduism. What is the term for this continuous cycle?
A) Nirvana
B) Samsara
C) Liberation
D) Salvation

8. During a temple visit, you observe devotees offering prayers and flowers to a deity. Your guide explains that this act of worship is an important part of Hindu practice. What is this form of worship called?
A) Yoga
B) Meditation
C) Puja
D) Aarti

9. Your friend is confused about the different paths to spiritual realization in Hinduism. You explain that one path emphasizes selfless action without attachment to the results. Which path are you describing?
A) Jnana Yoga B) Bhakti Yoga
C) Karma Yoga D) Raja Yoga

10. You are reading a story about Lord Rama and his wife Sita. This epic teaches important lessons about duty, loyalty, and sacrifice. Which Hindu epic are you most likely reading?
A) Mahabharata B) Ramayana
C) Puranas D) Upanishads

11. Your teacher presents a case study about a Hindu individual dedicating their life to social service, helping the less fortunate without expecting anything in return. Which core Hindu value is best exemplified by this individual's actions?
A) Artha (wealth)
B) Kama (pleasure)
C) Seva (selfless service)
D) Moksha (liberation)

12. You are discussing the concept of 'Maya' in advanced Hindu philosophy. Your classmate asks, "How does Maya relate to our perception of reality?"
A) Maya is the ultimate reality.
B) Maya is an illusion that obscures the true reality.
C) Maya is a path to liberation.
D) Maya is a type of meditation.

13. Your community is planning a celebration that brings together people from different faiths to promote understanding and respect. Which Hindu principle emphasizes the acceptance of diverse beliefs and paths to the divine?
A) Monotheism
B) Polytheism
C) Ekam Sat Vipra Bahudha Vadanti
D) Exclusive salvation

14. A group of students are debating the importance of festivals in Hinduism. One student argues that they are merely cultural events. What is the deeper spiritual significance of Hindu festivals like Diwali?
A) They are primarily for economic gain.
B) They provide opportunities for social gatherings only.
C) They reinforce spiritual values, myths, and community bonding.
D) They are solely for entertainment purposes.

15. You observe an elderly Hindu relative practicing meditation and chanting mantras daily, aspiring for a deeper connection with the divine and ultimate spiritual freedom. What is the ultimate goal of such practices in Hinduism?
A) Acquiring material wealth
B) Achieving social status
C) Attaining Moksha
D) Enhancing physical health only

16. A new student joins your class and is curious about how Hindus view the divine. They ask, "Do Hindus believe in one God or many gods?" Which of the following best explains the Hindu perspective on the divine?
A) Hindus believe only in one singular, personal God.
B) Hindus believe in many separate and distinct gods.
C) Hindus believe in one ultimate reality (Brahman) that manifests in various forms and deities.
D) Hindus are atheists and do not believe in God.

17. You are participating in a school debate about environmental conservation. You want to highlight the Hindu perspective on nature. Which Hindu principle would you emphasize to support the idea of respecting and protecting the environment?
A) Anthropocentrism (human-centered view)
B) Exploitation of natural resources
C) Reverence for all life (Ahimsa) and the sacredness of nature
D) Indifference towards the natural world

18. Your friend is struggling with making ethical decisions. You remember a Hindu teaching that emphasizes acting with integrity and being honest in all dealings. Which ethical principle are you recalling?
A) Asteya (non-stealing)
B) Satya (truthfulness)
C) Aparigraha (non-possessiveness)
D) Brahmacharya (self-control)

19. Your school is organizing an interfaith dialogue. A speaker explains how different religions contribute to global peace. From a Hindu perspective, what is a key contribution to promoting peace and harmony?
A) Advocating for one universal religion.
B) Promoting a hierarchical view of religions.
C) Emphasizing the unity of existence and the principle of 'Vasudhaiva Kutumbakam' (the world is one family).
D) Encouraging religious conversion.

20. You are preparing a presentation on the role of Gurus in Hinduism. You want to explain their significance in guiding individuals on their spiritual journey. What is the primary role of a Guru in Hinduism?
A) To provide material wealth to disciples.
B) To act as a political leader.
C) To offer spiritual guidance, knowledge, and help disciples attain liberation.
D) To perform rituals for a fee.

SECTION B: Structured Questions (80 Marks)

Answer all questions in the spaces provided.

21. Your younger cousin asks you, "Why do Hindus have so many gods and goddesses? Is it confusing?"
a) Explain the concept of Brahman in Hinduism and how it relates to the various deities. (4 marks)

_____

_____

b) Describe two major Hindu deities and their significance. (4 marks)

_____

_____

c) How would you explain to your cousin that despite the many deities, Hindus believe in one ultimate reality? (3 marks)

_____

_____

22. Your class is discussing the importance of sacred texts in different religions. Your teacher asks you to explain the role of the Vedas in Hinduism.

a) Identify two key characteristics of the Vedas. (2 marks)

_____

_____

b) Explain the importance of the Upanishads in providing philosophical insights within Hinduism. (4 marks)

_____

_____

_____

_____

c) Imagine you are explaining the relevance of ancient Hindu scriptures to a modern-day teenager. How would you connect these texts to their daily lives and values? (4 marks)

_____

_____

_____

_____

23. During a family gathering, your aunt comments on the different life stages observed in traditional Hindu society.
a) Name and briefly explain two of the four Ashramas (stages of life) in Hinduism. (4 marks)

_____

_____

_____

_____

b) Discuss how the concept of Dharma guides an individual through these stages. (4 marks)

c) In what ways can the principles of the Ashramas still be relevant to individuals in contemporary society, even if not strictly followed? (3 marks)

24. Your friend is confused about the concepts of Karma and Samsara. They say, "So, if I do something bad, I'll automatically become an animal in my next life? And what's the point of trying if everything is already decided by my past actions?"
a) Clarify the relationship between Karma and Samsara. (4 marks)

b) Explain how the concept of Karma emphasizes personal responsibility for one's actions. (4 marks)

c) How would you explain to your friend that while past actions influence the present, individuals still have agency and the ability to shape their future through their choices? (4 marks)

25. You are visiting a Hindu temple for the first time. You observe various rituals and devotional practices.

a) Describe two common forms of Hindu worship or devotional practices you might observe in a temple. (4 marks)

_____

_____

b) Explain the significance of these practices in fostering a devotee's connection with the divine. (4 marks)

_____

_____

_____

_____

c) Reflect on how participating in such rituals might personally impact an individual's spiritual journey.

_____

_____

_____

26. Your religious education class is learning about the different paths to spiritual liberation in Hinduism. Your teacher asks you to elaborate on the concept of 'Yoga'.

a) Name and briefly describe two different types of Yoga mentioned in Hindu philosophy (e.g., Karma Yoga, Bhakti Yoga, Jnana Yoga, Raja Yoga). (4 marks)

_____

_____

_____

_____

b) Explain how each of these chosen paths aims to help individuals achieve spiritual realization. (4 marks)

_____

_____

_____

_____

c) Imagine you are advising a friend who is seeking inner peace and spiritual growth. Which path of Yoga might you recommend, and why? (3 marks)

27. Your school is organizing a community service day, and your teacher encourages everyone to participate with a selfless attitude. You decide to explain how this aligns with Hindu values.

a) Define the concept of 'Seva' (selfless service) in Hinduism. (3 marks)

b) Explain how *Seva* contributes to both individual spiritual growth and societal well-being. (5 marks)

c) Give two practical examples of how a Grade 9 student can embody the principle of *Seva* in their daily life within the school or local community. (4 marks)

28. You are presenting a report on the concept of *Maya* and its implications in Hindu philosophy.

a) Explain the philosophical concept of 'Maya' in Hinduism. (4 marks)

b) Discuss how understanding '*Maya*' can influence an individual's perception of the material world and their pursuit of spiritual truth. (4 marks)

_____

_____

_____

c) How might someone who misunderstands 'Maya' fall into spiritual apathy or extreme detachment? (3 marks)

_____

_____

_____

29. Your school is hosting an interfaith dialogue focusing on the role of religion in promoting peace and understanding in a diverse world. You are asked to speak about the Hindu perspective.

a) Explain the Hindu principle of *Vasudhaiva Kutumbakam* and its significance. (4 marks)

_____

_____

_____

_____

b) Discuss how this principle can foster religious harmony and peaceful coexistence in a multi-cultural society. (4 marks)

_____

_____

_____

_____

c) Propose two concrete actions that a school can undertake to promote interfaith understanding based on Hindu values. (4 marks)

_____

_____

_____

_____

30. Your class is debating the ethical dimensions of technology and its impact on society. You want to highlight how ancient Hindu ethical principles can still guide modern decision-making.

a) Choose two Hindu ethical principles and briefly explain each. (4 marks)

_____

_____

_____

_____

b) Discuss how these chosen principles can be applied to address contemporary ethical challenges, such as environmental sustainability or the responsible use of social media. (6 marks)

_____

_____

_____

_____

c) Imagine you are advising a tech company. How would you encourage them to integrate these Hindu ethical principles into their product development and business practices? (4 marks)

_____

_____

_____

_____

GRADE 9: 901/2: ENGLISH

PAPER 2 *(Composition and Literary Analysis)*

CODE: 008 YEAR: 2025

TIME: 1 Hour 45 Minutes

INSTRUCTIONS TO LEARNERS

1. Write your name and assessment number in the spaces provided.
2. Write the name and code of your school in the spaces provided.
3. Write the date of the assessment and sign in the spaces provided.
4. This question paper consists of two sections: A and B.
5. Answer ALL questions in this paper.
6. Write ALL the answers in the spaces provided in this question paper.
7. Do NOT remove any page from this question paper.
8. Answer the questions in English.

TASK	SECTION	Maximum Score	Candidate's Score
Task 1	A	15	
Question 1			
Task 2	B	10	
Question 2			
Task 3		5	
Question 3			
Task 4		10	
Question 4			
Task 5		10	
Question 5			
TOTAL		**50**	

This paper consists of 9 printed pages. Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.

SECTION A: COMPOSITION (15 MARKS)

TASK 1: COMPOSITION

Write your composition in the spaces provided. Write a composition ending with the words:

"*...I knew then that true happiness wasn't about what you had, but who you shared it with*."

SECTION B: LITERARY ANALYSIS (35 MARKS)

TASK 2: ORAL LITERATURE

Read the narrative below and answer the questions that follow. (10 marks)

Long, long ago, in a village nestled beside a great forest, lived a wise old woman named Nyawira. She was known for her kindness and her ability to solve any dispute. One dry season, a terrible drought struck the land. The rivers dwindled, the crops withered, and despair began to spread among the villagers. Many believed it was a curse.

Two brothers, Juma and Kito, were particularly affected. Juma, the elder, was strong and hardworking, but he hoarded what little water he had, refusing to share even with his thirsty neighbours. Kito, though younger and less robust, was generous and shared his meagre rations with anyone in need, often leaving himself with barely enough.

As the days grew hotter, Juma's well ran dry first. He went to Kito, pleading for water. Kito, without hesitation, shared the last of his water, even though he knew he might not survive the next day. Nyawira, who had been observing the brothers, called a village meeting. She told a story of a magical spring that appeared only for those with pure hearts. The villagers listened intently.

Suddenly, a loud gurgle was heard from Kito's homestead. A new, sparkling spring had burst forth from the ground, overflowing with clear, cool water. The villagers rushed to it, drinking and celebrating. Nyawira smiled. "The spring only reveals itself where generosity flows freely," she announced. Juma watched in shame, realizing the folly of his selfishness. From that day on, the village thrived, remembering the lesson learned during the great drought, and Kito became a respected leader, admired for his selfless spirit.

(a) What characteristic of oral narratives is evident in the opening line? (2 mks)

_____

_____

(b) How does the story highlight Kito's generosity? (2 mks)

_____

_____

(c) Identify and explain two moral lessons from this narrative. (4 mks)

i) _____

ii) _____

(d) What is the significance of the magical spring in the story? (2 mks)

_____

_____

TASK 3: POETRY

Read the poem below then answer the questions that follow. (5 marks)

The City Breathes

The city breathes—a beast of stone,
Its pulse a rhythm all its own.
From east to west, swift footsteps race,
Through crowded streets and fleeting space.

Steel towers climb the waking sky,
Where dreams ascend and dare to fly.
A symphony of horns and cries
Plays in the dance of hurried eyes.

Through markets blazing, bold and bright,
New stories bloom with morning light.
Each face, a tale, each turn, a thread—
A woven world where hopes are spread.

Yet in the heart of all this pace,
There lies a still and silent place—
A bench, a breeze, a patch of shade,
Where nature's hush and peace are laid.

The trees stand guard in emerald rows,
As weary minds begin to doze.
And in that breath between the rush,
The city offers one soft hush.

By Amani M.

a) What is the main subject of this poem? (1 mk)

_____

b) Identify any two features of style used in the poem. (2 mks)

i) _____

ii) _____

c) What contrasting ideas are presented in the poem? (2 mks)

_____
_____
_____

TASK 4: PLAY

Below is a section of a play. Read it and then answer the questions that follow. (10 mks)

The Green Promise

Scene: A community garden. MR. OTENO, a stern-looking man, is inspecting withered plants. CHIKA and BEN, two enthusiastic young people, approach him.

CHIKA: Good morning, Mr. Oteno! We were just admiring the garden.

MR. OTENO: (*Sighs*) Admiring what? These plants are dying. We put in so much effort, but the harvest will be poor again.

BEN: We noticed. We think we might have a solution, though!

MR. OTENO: (*Raises an eyebrow*) A solution? What could two youngsters know about farming that I, with forty years experience, don't?

CHIKA: We've been researching sustainable farming methods. We learned about mulching and rainwater harvesting. We could collect water from the school roof and use it during dry spells.

BEN: And mulching would help keep the soil moist and reduce evaporation. We could use dry leaves and grass cuttings from the school grounds.

MR. OTENO: (*Scoffs*) Mulching? Rainwater? Those are old tricks. They never work on a large scale.

CHIKA: But they're natural and cost-effective! We could start with a small section, a demonstration plot. If it works, others will follow.

MR. OTENO: (*Hesitates, then grumbles*) A demonstration plot, you say? And who would do all this extra work?
BEN: We would! And we'll get our friends from school to help too. We believe in this garden, Mr. Oteno. It feeds our community.

MR. OTENO: (*Stares at them, then a faint smile touches his lips*) Very well. One small section. But if it fails, you're the ones who will clean up the mess.

CHIKA: (Beaming) Thank you, Mr. Oteno! You won't regret it!

BEN: We'll start planning immediately!

(*Chika and Ben exit, full of excitement. Mr. Oteno picks up a handful of soil, a thoughtful expression on his face.)*

Curtain falls.

a) What is the main problem presented in this scene? (2 mks)

_____

_____

b) How do Chika and Ben propose to solve the problem? (2 mks)

_____

_____

c) With clear illustrations, identify two character traits of Mr. Oteno. (4 mks)

i) _____

ii) _____

d) What lesson can be learned from the interaction between the characters? (2 mks)

_____

_____

_____

TASK 5: NOVELLA

Below is a section of a novella. Read it and then answer the questions that follow. (10 mks)

The sun dipped below the rugged peaks of the Ngong Hills, casting long shadows across the valley. Kendi hurried along the narrow path, her basket heavy with wild berries she had gathered. Her village, nestled by the winding river, was known for its vibrant craft market, but recently, fewer traders came. The old bridge across the river, the only direct link to the main road, was crumbling, making passage risky for laden vehicles.

Kendi remembered her grandmother's tales of bustling market days, of laughter echoing across the river, and the prosperity that flowed with the traders. Now, the laughter was muted, replaced by the quiet anxiety of dwindling incomes. Her own family, like many others, struggled. Her father, a skilled weaver, spent more days idle than at his loom.

She reached the riverbank and paused, gazing at the precarious wooden planks of the bridge. It groaned under the weight of even a single person. Her younger brother, Tumaini, who had dreamed of becoming a carpenter and restoring the bridge, had left for the city in search of work, like many other young people. He sent letters occasionally, describing the harsh city life, but never enough money to make a real difference back home.

Kendi, though young, felt the weight of her community's struggle. She knew something had to be done. The elders had met countless times, discussing, lamenting, but no action had been taken. She watched a small group of children playing near the river, their faces smudged with dust but their spirits unbroken. A spark ignited within her. Perhaps the solution didn't lie with the elders or with a distant brother, but with the collective will of the people right here.

a) What is the geographical setting of this excerpt? (2 mks)

_____

_____

b) Describe any two challenges faced by Kendi's village. (4 mks)

i) _____

ii) _____

c) What is Kendi's father's occupation? (2 mks)

_____

_____

d) Identify any feature of style used in the story and state its function. (2 mks)

_____

_____

GRADE 9: 901/1: ENGLISH

PAPER 1 *(Reading Comprehension, Oral Skills and Grammar)*

INSTRUCTIONS TO CANDIDATES:

1. You have been given this question paper and a separate answer sheet. The question paper consists of 50 multiple choice questions.
2. Answer ALL questions on the ANSWER SHEET provided, NOT on the question paper.
3. Do all the necessary rough work on the question paper.
4. Use an ordinary HB pencil.
5. Confirm that the answer sheet you have been provided with has the following:

   ↔ YOUR NAME
   ↔ YOUR ASSESSMENT NUMBER
   ↔ NAME OF YOUR SCHOOL
   ↔ NAME OF THE SUBJECT

6. Keep the answer sheet clean and dry. DO NOT fold it.

For each of the questions 1-50, four options are given. In each case, only ONE of the four options is correct. Choose the correct option.

Example

40. Which one of the following means the opposite of the word "better"?

A. weak B. wrong
C.worse D. wasted

The correct answer is C. On the answer sheet:

In the set of circles numbered 40, shade inside the circle with the letter C printed in it, as indicated below.

40. 

This paper consists of 6 printed pages. Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.

© 2025 The Kenya Junior School Examination and Assessment Series. ***Turn over***

SECTION A: Reading Comprehension

Read the passage below and then answer questions 1 to 6.

In many parts of the world, people are embracing solar energy as a reliable source of power. Unlike fossil fuels, solar power is clean and does not pollute the environment. It is also renewable, meaning it will not run out like coal or oil. Solar energy is especially useful in rural areas where access to electricity is limited. In some countries, schools and hospitals run entirely on solar power.

Solar panels absorb energy from the sun and convert it into electricity. This electricity can be used to light homes, pump water, and even power machines. Although the initial cost of installing solar panels can be high, the long-term benefits make it a worthwhile investment.

1. What is the main advantage of solar power mentioned in the passage?
A. It is very cheap to install.
B. It can be used in rural areas only.
C. It is clean and environmentally friendly.
D. It works better than coal and oil.

2. According to the passage, fossil fuels are
A. clean and renewable.
B. harmful and polluting.
C. better than solar power.
D. easy to find everywhere.

3. Why is solar power useful in rural areas?
A. It is cheaper than electricity.
B. It is available all the time.
C. Rural areas do not need much power.
D. Electricity is limited in such areas.

4. The word "convert" as used in the passage means
A. store.
B. destroy.
C. change.
D. reduce.

5. What makes installing solar panels a challenge?
A. They do not last long.
B. They are heavy.
C. They are expensive at first.
D. They require fuel.

6. Which of the following would be the most suitable title for the passage?
A. Energy from Coal
B. Renewable Fuels
C. Solar Energy and Its Benefits
D. Power for the People

SECTION B: Reading Comprehension

Read the passage and answer questions 7 to 11.

Animals communicate in various ways. Birds- sing dogs- bark, cats-meow, and monkeys -chatter. Each sound they make sends a message. A dog may bark to warn its owner of danger. Birds may sing to attract mates. Some animals use body movements too. A lion may roar to scare off enemies while a cat arches its back when it feels threatened.

Understanding how animals communicate helps us take better care of them. Pet owners can tell if their animals are hungry, scared, or happy by observing their behavior. This makes it easier to meet their needs and ensure their comfort.

7. According to the passage, animals communicate by
A. using only body language.
B. making sounds and movements.
C. talking to each other.
D. barking and meowing.

8. Why do birds sing, according to the passage?
A. To call for food
B. To attract mates
C. To warn of danger
D. To tell other birds to fly away

9. What happens when a lion roars?
A. It becomes calm.
B. It attracts other animals.
C. It scares its enemies.
D. It plays with cubs.

10. The word "observe" as used in the passage means to
A. ignore. B. help.
C. teach. D. watch.

11. Which would be the best title for this passage?
A. Pet Ownership
B. Wild Animals
C. Animal Communication
D. Sounds and Movements

SECTION C: Reading Comprehension

Read the passage and answer questions 12 to 16.

Wangari Maathai was a Kenyan environmentalist and the first African woman to win the Nobel Peace Prize. She started the Green Belt Movement in 1977, encouraging women to plant trees to stop soil erosion and provide firewood. Her work helped restore forests and improve the environment in Kenya and other African countries.

Despite facing opposition, Wangari continued with her mission. She believed in the power of ordinary people to make a difference. Her courage and determination inspired many people around the world to care for nature.

12. What was Wangari Maathai known for?
A. Writing books
B. Winning elections
C. Protecting the environment
D. Starting schools

13. The Green Belt Movement encouraged people to
A. buy more land.
B. plant more trees.
C. sell firewood.
D. cut down forests.

14. The word "restore" as used in the passage means
A. clean.
B. destroy.
C. rebuild.
D. protect.

15. What inspired people about Wangari?
A. Her wealth and fame
B. Her courage and determination
C. Her speeches and songs
D. Her books and documentaries

16. Which is the best title for this passage?
A. Forests in Kenya
B. Women and the Environment
C. Wangari Maathai's Legacy
D. Tree Planting Activities

SECTION D: Oral Skills and Dialogue

Wanjiku, Nduta, Onyango, and Musa are all learners at Umoja Junior School. Wanjiku and Onyango enjoy music and drama. Nduta enjoys music and football. Musa enjoys drama and football. Onyango also plays handball.

17. Who enjoys the most different activities?
A. Nduta B. Onyango
C. Musa D. Wanjiku

18. Which activity is enjoyed by most learners?
A. Handball
B. Music
C. Football
D. Drama

19. Who does not enjoy drama?
A. Onyango B. Musa
C. Wanjiku D. Nduta

20. All the learners enjoy music except
A. Onyango
B. Nduta
C. Musa
D. Wanjiku

Questions 21–23: Dialogue

Kamau and Limo are classmates. Fill in the blanks with the best response.

Kamau: Hello, Limo. Have you finished the science homework?
Limo: 21 _____
Kamau: I can help if you like.
Limo: Thanks. 22 _____
Kamau: No problem. We can study together during lunch.
Limo: That's a great idea. 23 _____

21.	22.	23.
A. Yes, I finished it yesterday. B. No, I forgot we had any. C. Of course, I lost my book. D. Yes, I saw the teacher.	A. I don't want to fail. B. I will be absent tomorrow. C. That will not be helpful. D. I'd really appreciate that.	A. Let's not be late. B. See you next year. C. Let's find the teacher. D. Let's copy from others.

Questions 24–25: Politeness and Appropriateness

24. Your classmate has dropped their exercise book. What should you say as you hand it back?
A. Be careful next time.
B. I picked your book.
C. Here, I think this is yours.
D. Why did you drop it?

25. You are requesting to go outside during class. What is the polite way to ask the teacher?
A. May I go out, please?
B. I need to go.
C. I want to leave now.
D. Let me go out.

Read the passage below. It contains blank spaces numbered 26 to 35. For each blank space, choose the best alternative.

Passage 1:

Good writing takes time and practice. Most writers begin by preparing a simple plan. They think about the topic, the purpose of writing, and the audience. This process helps the writer to Organise their **26** _____ clearly and logically. Once the ideas are set, the writer develops a draft.

Writing the first draft does not mean the work is finished. Writers always revise their work. They check spelling, sentence structure, and **27** _____**.** They also add or remove words to improve the flow of the writing.

28 _____**,** writers often ask others to read their work. Feedback helps them to see what they may have missed. In the end, a **29** _____ writer is one who takes time to improve. With enough effort, anyone can become a better writer.

	A	B	C	D
26.	opinions	ideas	messages	knowledge
27.	planning	grammar	mistakes	information
28.	First	Then	Finally	Sometimes
29.	good	lazy	careless	successful

30.	look	way	goal	draft
31.	revise	repeat	delete	remember
32.	help	guide	feedback	idea
33.	writing	editing	drawing	reading
34.	makes	takes	shows	leads
35.	plan	comment	mistake	effort

For Questions 36–45, choose the best alternative to complete each sentence.

36. During a school trip to Maasai Mara

The _____ of lions rested under a tree after hunting.
A. crowd B. group C. pride D. herd

37. The teacher asked whether _____ had seen her lost marker pen.
A. someone B. anyone
C. no one D. everyone
38. She went to the market, _____?
A. does she B. didn't she
C. doesn't she D. did she
39. Neither the pupils nor the teacher _____ happy about the delay.
A. are
B. were
C. was
D. is
40. My brother is very good _____ solving tricky puzzles.
A. by B. in C. at D. for
41. The dog barked _____ it saw a stranger at the gate.
A. so B. because
C. unless D. if
42. We cleaned the classroom _____ it was our duty.
A. although
B. but
C. because
D. if
43. "_____ you finished your homework?" asked the teacher.
A. Do B. Has C. Have D. Had
44. They went swimming after they _____ lunch.
A. have eaten B. had eaten
C. are eating D. were eating
45. The children carried their bags _____ they left the hall.
A. although
B. before
C. while
D. as soon as

For Questions 46–50, choose the best alternative.

46. Which one of the following is correctly punctuated?
A. Did you complete the work, asked the teacher?
B. "Did you complete the work?" asked the teacher.
C. "Did you complete the work"? asked the teacher.
D. Did you complete the work," asked the teacher?

47. Which one of the following is the correct passive form?
    The guard opened the gate.
    A. The gate is opened by the guard.
    B. The gate was being opened by the guard.
    C. The gate was opened by the guard.
    D. The gate opens by the guard.
48. Choose the sentence that correctly combines the two:
    The road was wet. We walked carefully.
    A. Because the road was wet we walked carefully.
    B. The road was wet and we walked carefully.
    C. We walked carefully but the road was wet.
    D. We walked carefully since the road was wet.
49. What does the underlined phrase mean?
    Juma finally **gave in** after hours of argument.
    A. won
    B. agreed
    C. shouted
    D. refused
50. What does the underlined word mean?
    The scouts **assembled** in the field before the event began.
    A. walked
    B. grouped
    C. waved
    D. ran

SECTION A: (20 Marks)

Choose the best answer for each question..

1. Mwende, a Grade 7 student, always remembers to pray before her meals and thanks God for His provision. Which aspect of the Christian way of life is Mwende demonstrating?
A. Generosity
B. Stewardship
C. Prayer
D. Forgiveness

2. During a family discussion, John's father emphasizes the importance of respecting elders and helping those in need, echoing the teachings from the Ten Commandments. Which commandment specifically guides John to honor his parents?
A. You shall not steal.
B. Honor your father and your mother.
C. You shall not murder.
D. You shall not bear false witness.

3. During their CRE lesson, Grade 7 pupils are discussing how Christians show their love for God. Sarah suggests helping the less fortunate in their community. Which act of worship is Sarah advocating for?
A. Singing hymns
B. Reading the Bible
C. Serving others
D. Attending church

4. A group of Grade 7 pupils is preparing for their first Holy Communion. Their teacher explains the significance of the bread and wine. The bread and wine in Holy Communion symbolize:
A. God's creation
B. Jesus' body and blood
C. The strength of the community
D. The Holy Spirit's presence

5. David, a Grade 8 student, is faced with a dilemma. His friends are pressuring him to cheat in an exam, but he remembers the biblical teachings about honesty. Which Christian value should guide David's decision in this situation?
A. Patience
B. Integrity
C. Humility
D. Courage

6. A youth group is planning a project to support orphans in their community. They are inspired by Jesus' teachings about caring for the marginalized. Which of Jesus' parables best illustrates the importance of helping those in need?
A. The Parable of the Sower
B. The Parable of the Good Samaritan
C. The Parable of the Prodigal Son
D. The Parable of the Talents

7. Miriam's grandmother often tells her stories about the early missionaries who brought Christianity to their region, highlighting their sacrifices and dedication. Which key role did early missionaries play in the spread of Christianity?
A. Establishing political systems
B. Introducing new agricultural practices
C. Spreading the Gospel and establishing churches
D. Building modern infrastructure

8. During a CRE class, students are discussing the importance of reconciliation in resolving conflicts within the community. Which biblical figure's story best exemplifies the act of forgiveness and reconciliation after a significant wrongdoing?
A. Moses
B. Joseph
C. Daniel
D. Elijah

9. The school's environmental club is organizing a tree-planting exercise to conserve nature, inspired by Christian teachings on creation. Christians believe that caring for the environment is an act of:
A. Self-preservation
B. Global citizenship
C. Stewardship
D. Economic development

10. Peter, a Grade 8 student, is learning about the different ways Christians express their faith. He observes his pastor leading a worship service with singing, preaching, and prayer. What is the primary purpose of corporate worship in Christianity?
A. To entertain the congregation
B. To provide social gathering

C. To glorify God and receive spiritual nourishment
D. To discuss community issues

11. Jane, a Grade 9 student, is reflecting on her personal values and how they align with Christian principles. She believes in standing up for justice, even when it's difficult. Which Christian virtue is Jane demonstrating by her commitment to justice? A. Prudence
B. Fortitude
C. Temperance
D. Hope

12. The youth in a church are organizing a peer counseling program to help their friends navigate challenges like drug abuse and identity crises. This initiative aligns with the Christian understanding of human sexuality as:
A. Primarily for procreation.
B. A gift from God that should be used responsibly.
C. A private matter with no societal implications.
D. A source of temptation to be avoided.

13. A community is facing a severe drought, leading to food shortages. Christians in the area are organizing relief efforts and praying for rain. This response by the Christians demonstrates their belief in God as:
A. A distant observer.
B. The ultimate provider and sustainer.
C. A strict judge.
D. A historical figure.

14. A group of Grade 9 students is discussing the role of the Church in promoting peace and reconciliation in conflict-ridden areas. The Church's involvement in peace building is rooted in its mission to:
A. Exert political influence.
B. Accumulate wealth.
C. Be an agent of God's love and justice.
D. Promote its own doctrines exclusively.

15. During a career guidance session, a Grade 9 student expresses interest in becoming a doctor to serve humanity, inspired by biblical teachings on compassion. The student's motivation reflects the Christian understanding of work as:
A. Solely for personal gain.
B. A means to avoid poverty.
C. A calling to serve God and humanity.
D. A necessary evil.

16. A local church is advocating for ethical leadership in government, emphasizing transparency and accountability. This advocacy is aligned with the Christian understanding of leadership as:
A. A position of power and privilege.
B. A responsibility to serve and promote the common good.
C. An opportunity for personal enrichment.
D. A temporary role with no lasting impact.

17. Members of a church congregation are encouraged to use their talents and resources for the benefit of the community, such as volunteering in schools or hospitals. This practice aligns with the Christian teaching on the importance of:
A. Material accumulation.
B. Self-sufficiency.
C. Discipleship and service.
D. Social isolation.

18. Sarah, a Grade 9 student, is confused about her future path. She prays for guidance and seeks advice from her pastor, trusting in God's plan for her life. Sarah is demonstrating which Christian virtue in her approach to uncertainty?
A. Fear
B. Doubt
C. Faith
D. Impatience

19. A community group is debating the best approach to care for the elderly and vulnerable. A Christian participant suggests establishing a community-run elder care center. This proposal aligns with the Christian principle of:
A. Individualism.
B. Communal responsibility and charity.
C. Government dependency.
D. Economic efficiency.

20. A group of young people are debating whether science and faith can coexist. One student argues that scientific discoveries reveal the intricate design of creation, affirming God's power. This student's perspective reflects the belief that:
A. Science disproves faith.
B. Faith is irrational.
C. Science and faith can complement each other in understanding the world.
D. Only one can be true.

SECTION B: STRUCTURED QUESTIONS (80 Marks)

Answer ALL questions in the spaces provided.

21. During a family outing, a young boy accidentally breaks a valuable vase in a shop. His parents encourage him to confess and apologize to the shop owner.

    a) Identify two Christian values that the parents are teaching their son. (2 Marks)

    i. _____.

    i. _____.

    ii. _____.

    c) Describe two ways the church promotes moral values in the community. (4 Marks)

    i. _____.

    ii. _____.

23. A Grade 7 class is learning about the story of creation. Their teacher emphasizes God's power and the beauty of His handiwork.

a) State two key lessons a Christian can learn from the Genesis account of creation. (2 Marks)

i. _____.

ii. _____.

b) How does appreciating God's creation influence a Christian's behavior towards the environment? (3 Marks)
i. _____.

i. _____.

iii. _____.

c) In what two ways can young people demonstrate their gratitude for God's creation? (4 Marks)

i. _____.

ii. _____.

24. A group of Grade 8 students is discussing the challenges faced by young people today, such as peer pressure and social media influence.

a) Identify two challenges young people face in upholding Christian values in contemporary society. (2 Marks)
i. _____.

ii. _____.

b) Suggest two ways the Church can support young people in navigating these challenges. (4 Marks)

i. _____.

ii. _____.

c) Explain three biblical teachings that can guide young people in making responsible choices. (6 Marks)

i. _____.

ii. _____.

iii. _____.

25. A community is experiencing tribal conflict, leading to displacement and loss of lives. A local interfaith group is working towards peace and reconciliation.

a) From a Christian perspective, identify two causes of conflict in society. (2 Marks)

i. _____.

ii. _____.

b) Describe two roles Christians can play in promoting peace in their communities. (4 Marks)

i. _____.

ii. _____.

c) Using specific examples from the Bible, explain how reconciliation can transform relationships. (4 Marks)

i. _____.

ii. _____.

iii. _____.

iv. _____.

26. A Grade 8 student is struggling with feelings of loneliness and isolation. They remember hearing about the comfort found in Christian fellowship.

a) What is the significance of fellowship within the Christian community? (2 Marks)

i. _____.

ii. _____.

b) How can a Christian youth group provide support and encouragement to its members? (3 Marks)

i. _____.

i. _____.

iii. _____.

c) Discuss two ways in which the Holy Spirit empowers believers in their daily lives. (4 Marks)

i. _____.

ii. _____.

27. A Grade 9 student, inspired by Christian teachings on social justice, decides to volunteer at a local charity that supports homeless people.

a) Define the term "social justice" from a Christian perspective. (2 Marks)

_____

_____

b) Identify two biblical figures who championed social justice. (2 Marks)

i. _____.

ii. _____.

c) Explain three ways young Christians can actively participate in promoting social justice in their society. (6 Marks)

i. _____.

ii. _____.

iii. _____.

28. A debate is ongoing in the community regarding the ethical implications of genetic engineering. Christians are called upon to offer a faith-based perspective.

a) Outline two Christian views on the sanctity of human life. (2 Marks)

i. _____.

ii. _____.

b) Discuss two ethical considerations that Christians might raise concerning advancements in genetic engineering. (4 Marks)

i. _____.

ii. _____.

c) How do Christian beliefs about human dignity influence their approach to issues like euthanasia and abortion? (4 Marks)

i. _____.

ii. _____.

iii. _____.

iv. _____.

29. A country is preparing for a general election, and citizens are urged to elect leaders with integrity and who will serve the common good.

a) Identify two qualities of a good leader according to Christian teachings. (2 Marks)

i. _____.

SECTION A: (40 Marks)

Answer all questions in this section by circling the correct option.

1. Which of the following is a fundamental component of both creative arts and sports?
A) Competition
B) Expression
C) Financial gain
D) Memorization

2. Rhythm in music is best described as:
A) The loudness or softness of a sound.
B) The speed at which music is played.
C) The organization of sounds and silences in time.
D) The combination of different notes played simultaneously.

3. In athletics, which of the following races is classified as a middle-distance race?
A) 100m sprint
B) Marathon
C) 800m race
D) 4x100m relay

4. A **semi-breve** note in music is equivalent to how many crotchet beats in a 4/4 time signature? A) 1
B) 2
C) 4
D) 8

5. Which of these is NOT a principle of visual arts?
A) Balance
B) Contrast
C) Color
D) Emphasis

6. In football, which pass is used to send the ball high into the air over defenders?
A) Push pass
B) Chip pass
C) Through pass
D) Short pass

7. What is the primary purpose of storytelling in a community?
A) To confuse listeners
B) To record history and pass on values
C) To promote individual wealth
D) To encourage silence

8. Which Western solo instrument is commonly used in classical music and has keys that are pressed to produce sound?
A) Descant recorder
B) Guitar
C) Piano
D) Violin

9. Agility in physical fitness refers to the ability to:
A) Exert maximum force in a single effort.
B) Maintain equilibrium while stationary or moving.
C) Change direction quickly and accurately.
D) Sustain prolonged physical activity.

10. A melody in G Major would typically have which note as its tonic?
A) C B) F C) G D) D

11. Which time signature indicates that there are four crotchet beats in a bar?
A) 2/4
B) 3/4
C) 4/4
D) 6/8

12. The main item used in Javelin is a:
A) Disc
B) Shot put
C) Spear-like implement
D) Hammer

13. What is the role of a goalkeeper in handball?
A) To score goals from anywhere on the court.
B) To prevent the opposing team from scoring goals.
C) To manage team tactics during the game.
D) To retrieve lost balls from outside the court.

14. When playing a descant recorder, what is the purpose of "tuning"?
A) To decorate the instrument.
B) To ensure the notes played are at the correct pitch.
C) To make the instrument louder.
D) To change the color of the instrument.

15. Which of the following is a key technique for dribbling in football?
A) Kicking the ball as far as possible.
B) Keeping the ball close to your feet.
C) Using only the laces of your boots.
D) Avoiding eye contact with the ball.

16. What is a "flipbook" primarily used for in creative arts? A) Storing documents
B) Creating simple animations
C) Playing board games
D) Writing stories without pictures

17. Which of these is a common class of folk songs in Kenya?
A) Pop songs
B) Work songs
C) Rock anthems
D) Electronic dance music

18. In swimming, what is the starting technique that has been demonstrated below?

A) Treading water
B) Floating
C) Diving
D) Kicking

19. What is the primary benefit of good coordination in physical fitness?
A) Increased muscle mass
B) Improved movement efficiency and control
C) Enhanced flexibility only
D) Faster heart rate recovery

20. Which element of a story introduces the characters and setting?
A) Rising Action
B) Climax
C) Exposition
D) Resolution

21. When decorating costumes for a performance, what are "adornments"?
A) The basic fabric of the costume.
B) Items added to decorate or enhance the costume.
C) The stitching used to hold the costume together.
D) The cleaning instructions for the costume.

22. Volleyball overarm serve is characterized by:
A) Hitting the ball underhand.
B) Tossing the ball up and hitting it with an overhand motion.
C) Serving the ball by throwing it from the hip.
D) Bouncing the ball before serving.

23. Which term describes a sequence of notes that forms a recognizable musical idea?
A) Chord
B) Harmony
C) Melody
D) Rhythm

24. A **crotchet rest** indicates a silence lasting for:
A) Half a beat
B) One beat
C) Two beats
D) Four beats

25. The act of creating a visual artwork by cutting and pasting various materials onto a surface is known as:
A) Painting
B) Sculpting
C) Collage
D) Drawing

26. In rugby, what is the objective of a "try"?
A) To kick the ball between the posts.
B) To score by grounding the ball in the opponent's in-goal area.
C) To tackle an opponent.
D) To pass the ball forward.

A) It introduces the main characters.
B) It is the turning point and moment of highest tension.
C) It resolves all conflicts.
D) It sets the scene for future events.

37. In netball, how many seconds can a player hold the ball before passing or shooting?
A) 1 second
B) 2 seconds
C) 3 seconds D) 5 seconds

38. Which of these is an example of an "adornment" for a Kenyan folk dance costume?
A) A modern t-shirt
B) Traditional beads or feathers
C) Plastic shoes
D) A digital watch

39. What is "contemporary dance" characterized by?
A) Strict adherence to classical ballet techniques.
B) A blend of various dance forms, often emphasizing fluidity and personal expression.
C) Only traditional folk dances.
D) Solely acrobatic movements.

40. Which role of creative arts and sports helps in developing discipline and character?
A) Pure entertainment
B) Promoting unhealthy competition
C) Building resilience and teamwork
D) Encouraging isolation

SECTION B: STRUCTURED QUESTIONS (60 Marks)

Answer all questions in the spaces provided.

PART 1: PERFORMING ARTS (20 Marks)

41. Mary is a Grade 9 student tasked with composing a four-bar melody in G Major for her descant recorder. She needs to incorporate some variations to make her melody interesting.
a) Name two parts of a descant recorder. (2 Marks)
i) _____.
ii) _____.
b) State two qualities of a good melody. (2 Marks)
i) _____.
ii) _____.
c) Illustrate a four-bar rhythmic pattern in 3/4 time signature that Mary could use as a basis for her melody. Use crotchets and quavers. (3 Marks)

d) Suggest two methods Mary could use to vary her melody once she has composed the basic tune. (2 Marks)

i) _____.

ii) _____.

42. The Grade 9 drama club is preparing a play for their end-of-year concert. They decide to write their own story and present it.

a) Define "Elements of a Story." (1 Mark)

_____

_____

b) List any three elements of a story. (3 Marks)

i) _____.

ii) _____.

iii) _____.

c) Describe two techniques of storytelling that the drama club members could use to engage their audience effectively. (4 Marks)

i) _____.

ii) _____.

d) Explain the importance of storytelling in the Kenyan context. (3 Marks)

_____.

_____.

_____.

PART 2: SPORTS (20 Marks)

43. John and his friends are practicing for their school's athletics day and upcoming inter-school ball games. John is particularly interested in Javelin, while his friends are focusing on Handball.

a) List any two items required for a Javelin throw event. (2 Marks)

i) _____.

ii) _____.

b) Describe the correct technique for executing a "power grip" in Javelin. (3 Marks)

_____.

_____.

_____.

c) In handball, identify three different types of passes used by players. (3 Marks)

i) _____.

ii) _____.

iii) _____.

d) Explain the importance of "weaving" in handball gameplay. (2 Marks)

_____.

_____.

44. The Grade 9 class is undergoing a physical fitness assessment. Their teacher emphasizes the importance of agility, strength, and coordination. Later, they will play a game of Football.

a) Differentiate between "Strength" and "Agility" in physical fitness. (4 Marks)

Strength: _____.

Agility: _____.

b) Give one example of an exercise that specifically develops "coordination." (1 Mark)

_____.

c) In football, describe the technique for a "short-push- pass." (2 Marks)

_____.

_____.

d) State two basic rules of football, apart from offside. (2 Marks)

i) _____.

ii) _____.

e) **Picture Analysis:** Study the picture below.

Describe the key actions and body positioning of the goalkeeper in the picture to successfully make a save. (3 Marks)

_____.

_____.

_____.

PART 3: VISUAL ARTS (20 Marks)

45. A group of Grade 9 students is tasked with creating a card design for a school event. They are also learning about different ways to present visual information, including collages and photomontages.

a) List any two elements of visual arts. (2 Marks)

i) _____.

ii) _____.

b) List any two principles of visual arts. (2 Marks)

i) _____.

ii) _____.

c) Differentiate between a "collage" and a "photomontage." (4 Marks)

Collage:

_____.

Photomontage:

_____.

d) Describe the steps involved in creating a simple card design using basic drawing materials. (4 Marks)

_____.

_____.

_____.

_____.

46. The school is hosting a cultural festival, and students are preparing to present Kenyan folk dances. They need to decorate their costumes to reflect the cultural significance of the dances.

a) Identify two roles of Creative Arts and Sports in society. (2 Marks)

i) _____.

ii) _____.

b) Name two classes of Kenyan folk songs. (2 Marks)

i) _____.

ii) _____.

c) Explain how "adornments" contribute to the overall visual appeal and cultural meaning of a folk dance costume. (4 Marks)

_____.

_____.

_____.

_____.

d) Briefly describe one technique for decorating a costume using readily available materials. (2 Marks)

_____.

_____.

_____.

SECTION A: (30 Marks)

Answer all questions in this section.

1. Farmer Juma observed that after heavy rains, a significant portion of his topsoil was carried away from his farm, making his land less fertile. Which of the following terms best describes the problem Farmer Juma is facing?
A) Soil pollution
B) Soil erosion
C) Soil compaction
D) Soil acidification

2. The villagers of Chepkube are experiencing frequent droughts, leading to water scarcity for their crops and livestock. They are looking for sustainable ways to ensure water availability throughout the year. Which of the following water harvesting methods would be most effective for them to implement on their farms to store water for long periods?
A) Shallow water pans
B) Retention ditches
C) Water ponds
D) Furrows

3. Mama Pima is preparing her farm for planting maize. She wants to ensure that the soil is well-prepared to allow for good seed germination and root development. Which type of tilth would be most appropriate for planting maize seeds?
A) Fine tilth
B) Coarse tilth
C) Cloddy tilth
D) Lumpy tilth

4. A local community has noticed a decline in the bird population and increased soil erosion along a river bank. They decide to plant trees as a conservation measure. Besides providing habitat for birds and controlling soil erosion, what other important role do growing trees play in the environment?
A) Increasing soil salinity
B) Increasing air pollution
C) Enhancing water retention in the soil
D) Depleting groundwater levels

5. John is setting up a small poultry farm. He wants to ensure his chickens are protected from the elements and predators. What is the main purpose of a "fold" in poultry farming?
A) To provide food for the chickens
B) To store eggs
C) To house and protect poultry
D) To collect chicken droppings

6. Mary is passionate about maintaining the nutritional value of her vegetables after harvesting. She wants to ensure that her family benefits maximally from the vitamins and minerals. Which cooking method is best for conserving the water-soluble vitamins in vegetables?
A) Boiling
B) Frying
C) Steaming
D) Roasting

7. During a visit to a neighboring farm, you observe several dead fish floating in a nearby river, and the farmer complains of reduced crop yields. You suspect industrial waste discharge. What is the most likely cause of soil pollution in this scenario?
A) Over-fertilization
B) Improper disposal of industrial waste
C) Organic farming practices
D) Crop rotation

8. A farmer wants to improve the fertility of his soil without using synthetic chemicals. He decides to use decomposed plant and animal matter. What type of organic manure is the farmer likely using? A) Chemical fertilizer
B) Compost
C) Pesticide
D) Herbicide

9. Sarah harvested a large quantity of tomatoes from her kitchen garden. She wants to preserve some of them for future use to avoid wastage. Which of the following methods would add value to her tomato produce?
A) Selling them fresh at the market
B) Making tomato sauce or puree
C) Storing them in a cool, dry place
D) Feeding them to her livestock

10. Peter is repairing his torn shirt. He needs a strong and neat stitch to join two pieces of fabric together. Which type of seam is most commonly used for joining two pieces of fabric in clothing construction, providing a strong and flat finish?
A) French seam
B) Run and fell seam
C) Plain seam
D) Flat felled seam

11. Farmer Amani has a small plot of land and wants to maximize his crop production by utilizing vertical space. Which innovative gardening technique would be most suitable for his situation?
A) Raised bed gardening
B) Suspended gardens
C) Container gardening
D) Traditional furrow gardening

12. A family wants to ensure they consume all essential nutrients daily. They are planning their meals carefully. What is a meal called that contains all the necessary nutrients in the right proportions for healthy growth and development?
A) Carbohydrate-rich meal
B) Protein-rich meal
C) Balanced diet
D) Vitamin-rich meal

13. You observe a chicken in a poultry run with ruffled feathers, closed eyes, and it is isolated from the rest of the flock. What is this chicken most likely showing signs of?
A) Happiness
B) Sickness
C) Laying eggs
D) Moulting

14. After a heavy meal, your family wants to ensure the kitchen and dining area are clean and hygienic. What is the primary reason for cleaning the kitchen and equipment regularly?
A) To make the kitchen look good
B) To prevent the growth of harmful microorganisms
C) To save water
D) To create more space

15. A farmer is preparing a storage structure for his harvested maize. He wants to prevent pest infestation and spoilage. Which of the following is a crucial step in preparing a storage structure before storing crops?
A) Painting the walls with bright colours
B) Ensuring the structure is well-ventilated and dry
C) Decorating the interior with flowers
D) Playing loud music near the storage

16. A group of students is discussing methods of conserving animal feeds to cope with periods of drought. Which method involves cutting grass or other forage crops and drying them to preserve their nutritional value for later use?
A) Silage making
B) Standing forage
C) Baled hay
D) Grazing

17. Mama Chebet has leftover ugali and stew from supper. Instead of throwing them away, she wants to use them for tomorrow's lunch. Which method of conserving leftover food would be most appropriate in this case?
A) Freezing
B) Reheating
C) Smoking
D) Salting

18. A farmer is battling an infestation of aphids on his cabbage crops. He wants to use a pest control method that does not involve chemicals. Which of the following is an example of a mechanical pest control method?
A) Spraying with pesticides
B) Introducing natural predators
C) Hand-picking the pests
D) Crop rotation

19. You are preparing a dessert that requires a flour mixture to be baked. Which piece of equipment is essential for accurately measuring flour when preparing flour mixtures?
A) Spatula
B) Whisk
C) Measuring cups
D) Rolling pin

20. A farmer observes yellowing leaves and stunted growth in his tomato plants. He suspects a nutrient deficiency. Which type of organic manure, applied directly to the leaves, could quickly provide nutrients to the plants?
A) Farmyard manure
B) Compost
C) Organic foliar feed
D) Green manure

21. To save money and ensure natural ingredients, a household decides to make their own soap at home. What is a key ingredient needed to make homemade soap?
A) Sugar B) Salt
C) Caustic soda D) Vinegar

22. You are observing different types of soil erosion on a sloping farm. You notice small channels forming on the surface after heavy rainfall. What type of soil erosion is characterized by the formation of small, well-defined channels?
A) Sheet erosion
B) Gully erosion
C) Rill erosion
D) Splash erosion

23. A poultry farmer is processing a chicken carcass for consumption. After de-feathering, what is the next crucial step in preparing the poultry carcass?
A) Beheading
B) Removal of offal
C) Boiling
D) Salting

24. A farmer wants to propagate a mango variety that is resistant to diseases but grows slowly, by combining it with a fast-growing rootstock. Which plant propagation technique would be suitable for this purpose?
A) Cutting
B) Layering
C) Grafting
D) Marcotting

25. After washing a load of laundry, you realize some brightly colored clothes have bled their dye onto lighter clothes. What important laundry practice was likely overlooked to prevent this?
A) Using cold water
B) Separating loose coloured clothes
C) Using extra detergent
D) Drying clothes in the sun

26. A farmer notices his crops are infested with stem borers, leading to significant yield loss. He decides to consult an agricultural extension officer. Which of the following is an example of a crop pest?
A) Aphids
B) Termites
C) Weevils
D) All of the above

27. You are preparing a meal and want to ensure proper table dining manners are observed. When serving food using the family style method, where is the food placed for self-serving?
A) On individual plates in the kitchen
B) On a separate serving table
C) In serving dishes on the dining table
D) Only in the host's plate

28. A farmer is establishing a kitchen backyard garden to ensure a constant supply of fresh vegetables for his family. What is a primary role of a kitchen garden?
A) To grow cash crops for sale
B) To provide fresh, readily available vegetables and herbs
C) To provide shade for the house D) To attract wild animals

29. To preserve his fish catch, a fisherman decides to dry them under the sun using a simple, cost-effective method. Which homemade device can be used for drying agricultural produce using solar energy?
A) Electric oven
B) Microwave
C) Homemade sundryer
D) Refrigerator

30. A farmer wants to improve soil structure and water retention in his sandy soil. He considers different soil conservation measures. Which of the following is a biological method of soil conservation?
A) Terracing
B) Contour ploughing
C) Afforestation
D) Gabions

SECTION B: (50 Marks)

PART 1: AGRICULTURE (25 Marks)

31. Mr. Otieno owns a small farm in a semi-arid region. He has observed that his crops often suffer from water stress, especially during dry spells. He wants to implement strategies to retain more water in his farm's soil.

a) Identify **two** different water retention structures Mr. Otieno could construct on his farm. (2 marks)

i. _____.

ii. _____.

b) Besides the structures mentioned in (a), explain **two** other soil conservation measures Mr. Otieno could adopt to improve water retention in his soil. (4 marks)

i. _____.

ii. _____.

c) Mr. Otieno is considering establishing a kitchen backyard garden. Explain **two** advantages of having a kitchen garden to his family. (4 marks)

i. _____.

ii. _____.

32. Farmer Mumo has a passion for growing trees on his farm. He believes in the importance of afforestation not just for his farm's aesthetics but also for environmental benefits.

a) State **two** importance of growing trees on a farm. (2 marks)

i. _____.

ii. _____.

b) Farmer Mumo practices integrated farming. Briefly explain what integrated farming means. (2 marks)

_____.

_____.

c) A section of Farmer Mumo's land has been affected by soil pollution due to improper disposal of plastic waste by his neighbors.

i. State **one** cause of soil pollution other than plastic waste. (1 mark)

_____

ii. Suggest **two** ways Farmer Mumo can control soil pollution on his farm. (2 marks)

_____

_____

33. Sarah is preparing a seedbed for planting kales. She knows that proper preparation of the planting site is crucial for good crop establishment.

a) Describe the steps involved in preparing a planting site for kales. (3 marks)

i. _____.

ii. _____.

iii. _____.

b) After planting, Sarah faces challenges with pests on her kales.

i. Identify **two** common vegetable pests in Kenya that might attack kales. (2 marks)

_____

_____

ii. Describe **one** non-chemical method Sarah can use to control pests on her kales. (3 marks)

_____

_____

_____

PART 2: NUTRITION (25 Marks)

34. Mama Wanja runs a small poultry farm. She wants to ensure her chickens are healthy and productive, and that the products she obtains from them are processed hygienically.

a) Name **two** examples of poultry commonly reared in Kenya, apart from chicken. (2 marks)

i. _____.

b) Mama Wanja observes one of her chickens showing signs of dullness, ruffled feathers, and greenish droppings.

i. What does this indicate about the chicken's health? (1 mark)

_____

ii. Suggest **two** management practices Mama Wanja can implement to prevent diseases in her poultry flock. (4 marks)

_____

_____

c) After slaughtering a chicken, Mama Wanja needs to process the carcass for consumption. List the correct sequence of steps involved in dressing a poultry carcass after beheading. (3 marks)

i. _____.

ii. _____.

iii. _____.

35. The Chemelil family recently harvested a bumper crop of milk and meat. They want to preserve these animal products for an extended period to ensure food security.

a) Explain **two** traditional methods the Chemelil family can use to preserve their milk. (4 marks)

i. _____.

ii. _____.

b) State **two** methods they can use to preserve their meat without refrigeration. (2 marks)

i. _____.

ii. _____.

c) After preservation, the family is preparing a meal. They want to ensure it's a balanced diet.

i. Name **three** components of a balanced diet. (3 marks)

_____

_____

_____

ii. When presenting a meal, what is the primary importance of good table dining manners? (2 marks)

_____

_____

36. Aisha is learning new sewing skills in her Home Science class. She wants to construct a simple household item using different types of seams.

a) Aisha decides to make a pillowcase. Which type of seam would be most suitable for joining the edges of the pillowcase, considering it needs to be durable and neat? (1 mark)

i. _____.

b) Besides constructing household items, state **two** other practical applications of sewing skills. (2 marks)

i. _____.

ii. _____.

c) Aisha's mother is doing laundry. She wants to wash some loose coloured clothes without them bleeding onto other garments.

i. What specific laundry practice should her mother follow to avoid colour bleeding? (1 mark)

_____

ii. State **one** importance of disinfecting clothing and household articles. (1 mark)

_____

GRADE 9: 911/1: CREATIVE ARTS AND SPORTS

PAPER 1 *(Project)*

CODE: 008 YEAR: 2025

DURATION: 3 weeks

INSTRUCTIONS TO SCHOOLS

1. This is a **project-based assessment** to be conducted over 2 **months** in **July –August)**.
2. Teachers should use the provided rubrics to assess each task and maintain learner score records.
3. Assessment should occur **in phases** across the term as learners progress.

This paper consists of 4 printed pages. Candidates should check the question paper to ascertain that all the pages are printed as indicated and that no questions are missing.

© 2025 The Kenya Junior School Examination and Assessment Series. ***Turn over***

1. INTRODUCTION

(i) This is an integrated project assessment comprising activities from all component disciplines in the Creative Arts and Sports subject (Visual Arts, Performing Arts and Sports).

(ii) With the guidance of the teacher, learners are required to fully undertake this project, whose assessment scores will form part of the final summative assessment of the learner in this subject.

(iii) Each Task will be assessed using a given assessment rubric. Learners should be allowed to access the assessment rubric in order to fully align their activities to the requirements of the task.

2. PROJECT DESCRIPTION

A Creative Arts and Sports Festival is an opportunity for learners to showcase their talents and celebrate creativity, athleticism, and cultural heritage. Your school is to host the annual Creative Arts and Sports Festival. The event will include an art exhibition, folk song performances, sports competitions, and storytelling sessions.

You are required to carry out the following four tasks in preparation for the event:

Task 1: Visual Arts

Design a multimedia poster measuring 30 cm × 42 cm for the upcoming event themed "Artistry in Motion". The event will be held on a selected day at the school playground.

Individually,

(i) conduct research then make notes and produce sketches to conceptualise the idea, (*these should be placed in the assessment portfolio)*

(ii) create letter forms and illustrations using variety of paper, fabric and any other suitable found materials. (*Computer application may also be used for creating the letter forms).* The poster should incorporate the following.

- (a) theme
- (b) date, time, venue
- (c) suitable colour scheme, illustrations, images and legible lettering
- (d) organised layout with a clear and brief message

The completed poster should be neat and appropriately finished.

Set up an exhibition for the created posters to be viewed by the attendees on the day of the festival.

Task 2: Music and Dance

You are required to:

a) Select a folksong from a Kenyan community for a performance lasting **2 – 3 minutes.**
b) Train the folksong to a group of **8 – 12 members.** Pay attention to the following aspects:
   (i) Authenticity singing with clear diction, vocal blend, and projection.
   (ii) Coordinated body movements (choreography, technique and synchrony with music).
   (iii) Instrumentation (appropriate instruments, appropriate playing technique, relevant rhythms and/or melody, and keeping to the beat).
   (iv) Appropriate costumes, props and body adornments.
c) Prepare a written synopsis of the folksong outlining:
   (i) The community from which the folksong is drawn.
   (ii) Gender and age of the performers.
   (iii) Occasion during which the folksong is performed.
   (iv) Summary of the messages in the folksong.
   (vii) Costumes, props and body adornments used in the folksong performance.

d) Take a lead role as **a soloist** in presenting the folksong.
e) Ensure that the group adheres to the following elements of musicianship in the performance of the folksong:
   (i) Stage presence.
   (ii) Vocal energy.
   (iii) Artistic passion.
   (iv) Focused concentration.
   (v) Expressiveness.

Perform folksongs to the audience during the festival for entertainment and display of culture.

Task 3: Theatre

(i) Brainstorm in groups to generate original and creative ideas inspired by the theme of the festival.
(ii) Individually develop a story to be presented during the festival.
(iii) Create an outline of the story (*with a clear beginning, middle and end*) to include character and setting. The story should be clear coherent with smooth transitions.

The story presentation will focus on

(a) vocal delivery
(b) gestures and body language
(c) facial expressions

Perform stories to the audience during the festival, demonstrating effective storytelling techniques and engaging the audience.

Turn over

Task 4: Sports

Learners are required to choose a sport of their choice from Handball, Football, Netball, Volleyball and Rugby. The task requires the learners to work in small teams of between 3 and 5 members to:

a) Explore the game through discussions, watching videos, live matches among other means and make presentations in a format of choice such as oral, written, pictorial, digital etc.
b) Improvise materials required for the sport.
c) Organise and play the sport while fostering team and sportsmanship spirit.
d) Identify different career opportunities related to the sport.
e) Reflect on personal performance, team dynamics and application of learnt skills.

During the Creative Arts and Sports Festival, some of the selected sports will be presented.
